In Chicago

(BULLETIN)

SIoux FALLS, S. D.,
Mar. 6.—Seven heavily armed
bandits raided the Security
National bank today,
shot a policeman and escaped
with an undetermined
amount of money.

Police believe there is a
possibility that the bandits
may have been led by John
Dillinger, escaped Indiana
convict.

Policeman Hale Keith was shot
when he surprised the bandits as
they were scooping up the cash on
he counters.

Physicians at the hospital where
he policeman was taken say he is
critically wounded.

The robbers escaped in a large sedan
bearing Minnesota license
plates. They headed for Iowa, police
said.

PA NEW OBSERVES

At noon today, New Castle
experienced one of the worst blizzards
of the year. Snow fell in great quantities,
and it was almost as dark
as night for a time.

The heavy wind of late yesterday
fired one of the ornamental light
globes off the pedestal at the post-
office. It was noted last night. Yes,
he globe was smashed.

Turn of the weather with below
freezing temperatures again has
sided farmers on some of the un-
improved highways. The roads were
ast becoming almost impassable.

Streams in this area are down
almost to normal again today and
ratically all of the ice has passed
ff.

Terrific Wind Storm Rips Off Roofs Here; And Breaks Windows

One of the queerest storms
which has ever visited the city
of New Castle did considerable
damage in the business section
of the city shortly after 3
o'clock Monday afternoon, when
roofs were ripped from build-
ings, windows blown in, and de-
bris was blown about. The storm
last for but a few minutes,
but was followed later in the
evening by high winds which
did further damage. As far as
can be learned no person was in-
jured, although some narrow
escapes were reported.

Mixed with the wind was an elec-
tric storm, and recurrent rain and
snow storms, with sunshine and clear
skies in between.
The wind seemed to exert a

vacuum-like force, as it sucked out
store windows and ripped tin roofs
from buildings.

Woman Faints

A woman seated in a parked au-
tomobile on North Mercer street saw
the roof of the Linville Building on
Washington street being hurled into
the air, and fainted. She was carried
into Marvin Electric Company where
she was revived and later taken to
her home.

She stated that she thought the
roof was coming over on top of their
machine and was fearful for the
safety of her children.

Service was interrupted in several
different sections of the county,
when the lines of the Pennsylvania
Power Company were broken by the

HOPES TO GET DILLINGER

Sheriff Lillian Holley, above,
of Lake county, Indiana, is directing
the widespread search for John Dil-
linger, notorious gunman and killer
suspect, who escaped from her jail
at Crown Point, where he was
awaiting trial for murder during a
holdup. Despite her assertion that
Dillinger would not get away, the
desperado effected his release from
the prison by overpowering guards
with a wooden gun.

Farm Debt Council Named In County

Five Well Known Residents
Appointed To Serve On
Board

By authority of Governor Pin-
chot, a Farm Debt Council has
been appointed for Lawrence County
the duty of which is the aiding
of distressed farmers. Five Law-
rence County men have been ap-
pointed on the five being Dr. Fred-
erick Taylor, Pulaski, W. Sharp
Fullerton, North Beaver Township,
David Kyle, North Beaver Twp.,
John L. Brinton, East New Castle
and C. P. Cloak, of New Willing-
ton.

The council will hold stated meet-
ings and applications for farm loans
can be made to them by any farmer
who is in distress and in danger of
losing his property. The council
then sets down all debts owned by
the farmer, makes a settlement
where possible with the creditors,
and arranges for a farm loan to
cover all the indebtedness.
Dr. Taylor has been elected pres-
ident of the council and Mr. Full-
erton secretary.

Rising Rivers And Storms Causing Greater Damage

Bridge Over Allegheny At
East Brady Taken

REPORT ICE GORGE
LODGES AT RIMERTON

Damage Mounts Along
Schuylkill And Delaware
Rivers In East

(International News Service)

Death and destruction to-
day continued to hold hands
as rising waters, gorged ice
and electrical storms beat
out an ever-increasing list of
casualties.

Rudolph Wintergreen, 12, fell
dead near his home during an elec-
trical storm in Pittsburgh. At first
thought to have been struck by a
lightning bolt, the youth was later
reported to have succumbed to a
heart attack caused by the strain of
hastening home to get out of the
storm.

East Brady Bridge Gone.
At East Brady, Pa., gorged ice
carried away one of the oldest iron
spans on the Allegheny river, re-
quiring traffic to be detoured sev-
eral miles. On this stream, ice
packs were forming and breaking
up in some section almost hourly.

Kittanning reported low lands
flooded and Rimerton was endan-
gered by a gorge.

Hundreds of summer bungalows
in the Schuylkill river district near
Philadelphia were reported washed
away or badly damaged by the
rushing torrents and jagged ice. In
the Delaware river between Phila-
delphia and Trenton, piers were
ground to kindling by ice floes, small
craft were torn from their moorings
and other homes were swept away
while miles of land in river districts
were inundated.

ECKLES GOING TO CAPITAL TONIGHT

Architect's Trip Authorized;
Will Re-state Post Of-
fice Views

Architect Robert A. Eckles an-
nounced today that he will go to
Washington tonight to confer with
government authorities on Wednes-
day on matters concerning the new
post office here. The federal gov-
ernment authorized him today to
make the trip.

"Although the Eckles company has
no official connection with the
building operations," Mr. Eckles
said, "due to protests made by them
regarding changes in stone materi-
als, the treasury department has
requested me to visit Washington
again to state my reasons for op-
posing the change."

It was understood that Construc-
tion Engineer Miles E. Myers would
also be asked by his department to
accompany Mr. Eckles.

BANK RE-OPENINGS Most Auspicious

First Day's Business In In-
stitutions Shows Fine
Record

Officers of the People's Bank and
the Bessemer State Bank were de-
lighted at the close of business on
Monday to find that substantial in-
creases had been made in their de-
posits on the first day of unre-
stricted opening. Withdrawals were
rare, and of the very few made most
of them were for the purpose of
paying bills that had accumulated.
Both banks got off to an aus-
picious start under their unre-
stricted license and the officers feel that
the opening day was a happy aug-
ury of what is to come.

RETAIN TAX MILLAGE

come marooned on ice blocks while playing. Lowe is the farthest out in the river. Next to him, wearing a cap,
is Clyde Hausler, Lakewood fireman, who entered the river to rescue the boys. Myers is shown being pulled to
shore by another fireman.

Death Penalty Is Demanded In Wymekoop Trial

Prosecutor In Argument To
Jury Asks That Aged
Doctor Be Sent
To Chair

DEFENSE COUNSEL
STARTS ARGUMENTS

(International News Service)
CHICAGO, Mar. 6.—Final defense
arguments began today in the trial
of Dr. Alice Lindsay Wymekoop for
the strange operating table murder
of her daughter-in-law, Rheta, and
indications were that the physi-
cian's fate would be in the hands of
the jury by nightfall.

"Do unto her as she did unto
Rheta," thundered Prosecutor
Charles Daugherty, in demanding
that the jury send the aged and ail-
ing defendant to the electric chair.
Daugherty's closing argument con-
sumed three hours. In his drama-
tic summation he analyzed the evi-
dence. Dr. Wymekoop's alibi that
some marauder possibly killed the
girl and he attacked her reactions
as those of guilt.

Asks Death Penalty
Dr. Wymekoop's ashen face re-
mained inscrutable throughout.

"I ask that you do her as she
did to Rheta Wymekoop, the fondly
loved daughter-in-law whom she
killed in cold blood," the prosecutor
declared. "She murdered that girl
and deserves to die."

The defense attorneys were ex-
pected to dwell mainly on the idea
that Rheta was killed by some out-
sider as she lay partly clothed on
the operating table.

Small Coal Car Drops In Shaft; Hits Three Men

Accident At Stiversson Mine
On Youngstown Road
At Noon

TWO ARE BROUGHT
TO HOSPITAL HERE

One Of Injured May Die;
New Castle Man Es-
capes Injury

Two men were seriously
injured and two escaped
when a mine car dropped
into the shaft of the Stiver-
son coal mine, several hun-
dred feet from Beechwood
Inn on the Youngstown road
at noon today, pinning them
underneath its wreckage on
the floor of the mine cage.

Mike Rokoski, of Hubbard road,
Youngstown, had his head crushed
and is in serious condition in the
Jameson Memorial hospital, while
Tony Lucas, aged 24, of R. F. D. No.
5, East Brook, is in a semi-conscious
condition in the same hospital.

Two other men, William Huston,
of 422 Edgewood avenue, and James
Crowl, of Harbor street, this city, es-
caped being badly injured. Huston
had no injuries, while Crowl was
treated by a doctor at the Beech-
wood Inn, for bruises and lacerations.

The cage in which the men were
riding is used to hoist the coal to
the surface and to take the men
up and down the shaft to and from
their work. The shaft is 70 feet deep
officials at the mine stated. It is
customary to place an empty car
on the cage after a full one has
been brought to the surface.

Just at noon, a loaded car was
hoisted to the top of the mine and
unloaded, after which the cage was
sent down to bring the men up for
their lunch.

The cage had ascended the shaft
about ten feet, when a workman on
the ground pushed an empty car
over the edge of the shaft and it
tumbled down on top of the four
workmen. The top of the cage is
not enclosed, but a cross bar to
which the hoisting cable is attach-
ed provided an obstruction which
broke some of the force of the fall-
ing car.

Fleeing Youth Is Shot By Officer

Pittsburgh Policeman, Investi-
gating Robbery, Fires
On Suspect

(International News Service)
PITTSBURGH, Mar. 6.—A 21-
year-old Pittsburgh youth was fa-
tally shot through the head here to-
day by a patrolman who sought to
question him in connection with a
hold-up.

The youth, identified as Carl
Aulesik, was shot through the head
by Patrolman Charles Taylor as he
fled an automobile in which auth-
orities found 10 gallons of alleged
moonshine whisky.

The fatal shooting occurred while
Taylor sought an automobile used by
three youths in the hold-up of a
man walking in Beechview.

DAVIS BROUGHT TO ALLEGHENY CO. JAIL

Youth Is Taken To Killing Scene

Officers Say He Admits Slaying State Highway Officer Brantlinger

WAS CAPTURED IN ILLINOIS RECENTLY

(International News Service)
PITTSBURGH, Mar. 6.—Captured after a successful jail break and whisked back to a state where he is wanted for the murder of a state highway patrolman, Thomas A. Davis, 19-year-old Dormont high school senior, gazed at the walls of the Allegheny county jail today.

The small cell surrounding him was to be his home while he awaited trial on a murder indictment returned against him for the fatal shooting of Highway Patrolman Herbert Brantlinger near Bridgeville last September.

Caught after his escape from a county jail at Carlyle, Ill., Davis was brought here yesterday under police guard. Taken to the scene of the killing, the slight, delicate looking youth calmly admitted, according to police, he killed Brantlinger's body with bullets at a lonely roadside gasoline station. Then he took officers over the route he traversed to his Dormont home.

State policemen who brought the youth back from Illinois claim they obtained a written confession from him to the crime before leaving Carlyle.

When the jail-breaker whose freedom extended only 24 hours was placed in Allegheny county jail, Warden John McNeil warned he was "taking no chances" and would take added precautions to guard against an escape.

TERRIFIC WIND STORM RIPS OFF ROOFS HERE AND BREAKS WINDOWS

(Continued From Page One)

storm, but repairs were effected as quickly as possible and service resumed, officials of the company stated this morning. Considerable damage was done to their lines, however, and besides the major breaks, there were a number of cases where transformer fuses were blown out as limbs of trees were blown onto the wires.

No damage was reported by the Bell Telephone Company, but some slight damage occurred to telegraph lines of the Pennsylvania Railroad Company, principally in the Youngstown district.

Roof Ripped Off
The tin roof of the Linville building, 25 East Washington street, was ripped off as clearly as if it had been made of paper, and was hurled onto the rear of the roof of the building adjoining, which is of the lower elevation.

The roof of the Reier Building at 457-459 East Washington street, was ripped off and rolled up by the wind, which tore away part of the cornice and side walls, and hurled backs into the street. Damage of \$500 was reported by S. A. Reier.

Big plate glass windows were blown out of the Sporting Goods Store and Wright grocery, on East

Washington street, by the afternoon storm, and during the evening, the plate glass window in the side of the Marvin Electric Company's front was blown out.

Electric Service Affected
The storm at 3 o'clock yesterday afternoon damaged a 22,000-volt line of the Pennsylvania Power Company, between Lowellville and the New Castle sub-station, but due to switching facilities, there was no interruption of service.

At 3:15 a line was broken at the East New Castle sub-station, cutting off service along the East Brook and Harlansburg roads for around 35 minutes. At 3:59, a line was broken at the Cascade sub-station, which caused interruption of service in the Long avenue district for nine minutes.

The most serious break occurred at 9:24 last evening, when a tree blew over on the New Wilmington road, breaking the lines, shutting off service into the New Wilmington and Pulaski district. The one line was back in service in 36 minutes while the other was repaired in an hour and 18 minutes, it was stated.

A big tree on Walnut street was blown down, according to a report made to city police and a window was blown out in the residence of Dr. Thomas H. Winter, corner of Reis and Shaw streets.

The flag on the pole in the city park on The Diamond was blown away by the storm yesterday afternoon.

Mr. and Mrs. James Littler, of Jackson avenue reported this morning that a window in their home was broken by the wind storm New Castle experienced, Monday afternoon.

One of the unusual pranks the wind storm played Monday afternoon occurred on West Leasure avenue. The bottom railing of a porch at 209 West Leasure avenue, the home of Mr. and Mrs. Milton Spangler, was blown away and landed on the back door of the home of Mr. and Mrs. Angelo Casachia, of 207 West Leasure avenue.

The nasty wind also tossed around a huge can in the back of the home of the Spangler family, it was reported.

Wind blew away the barricade which had been erected in front of the building at 21 South Mill street, which is being remodeled for a hotel, hurling the barricade into the street and cracking a plate glass window.

SMALL COAL CAR DROPS IN SHAFT; HITS THREE MEN

(Continued From Page One)

crawl up the side of the shaft and reach the surface after the accident, but Rokoski and Lucas lay under the wreckage of the car in the shaft.

The two injured men were rescued through the use of life belts which were taken to the scene of the accident by Fire Chief H. Clare Stockman and fireman Carl E. White who left for the mine at noon, when assistance was asked from the fire chief.

Chief Stockman went to the bottom of the shaft and placed the life belts about the men, who were pulled to the surface, where they were placed in an ambulance and brought to the Jameson Memorial hospital here.

It is believed that the workman, accustomed to loading an empty car onto the mine cage after the full one had been taken off, absently pushed the car over the edge of the shaft believing the cage was still there.

Rev. McConnell Will Be Buried On Thursday

Funeral Party Will Arrive From Colorado Early Thursday

Funeral services for the late Rev. William G. McConnell of Montrose, Colorado, former pastor of the Fourth Presbyterian church of New Castle, will be conducted from the Leeburg Presbyterian church at 2:30 o'clock Thursday afternoon.

Interment will be made in the Leeburg cemetery.

The body will arrive at 7:05 a. m. Thursday at the Baltimore and Ohio depot and will be taken to the Campbell Funeral Home, East North street, where it may be viewed by friends from 9 a. m. until 12 noon.

William G. McConnell was born in Butler county, Pa., but when he was two years old his family moved to Mercer county and settled on a farm near Leesburg Station, where he grew up. There he attended Parshall school for his early education. Following his course in that primary school he went to Volant college and was presently certified as a teacher in Mercer county.

His first incumbency was at North Leesburg, where he taught during two seasons, thence changing to South Leesburg for two more years, finally to his old home and Parshall school for a further two years. Teaching in autumn and winters, then attending college springtime and summers, he was graduated from Volant college with degree of B. S. in year 1896.

After finishing with Volant, he continued at Grove City college, whence he was graduated with a degree of Ph. B. in 1900. While attending at Grove City he was captain of Co. A of cadets, was president of the senior class. Excelling in athletics, he established several school records which to date have not been surpassed there.

In years 1901 and 1902, he served as principal of the high school of Clintonville, Venango county, then in the fall of 1902 entered the Western Theological seminary of Pittsburgh, Pa. Upon completion of his first year's study here, the Shenango Presbytery placed him in a field of prospective ministry at New Castle, Pa. Very soon his ardent labors availed to organization of a new church body. Meanwhile pursuing his preparation in the seminary, he ministered to this community for two years with such success that a church edifice was erected and the membership much enlarged.

Just following his graduation from W. T. S. he was fully accepted as pastor by this, the Fourth Presbyterian church of New Castle, where he continued eight years. During the period of service, the church building was freed from all debt and figures of its membership passed the 300 mark.

On the tenth of May, 1904, he was married to Florence M. Howe, native of Rochester, Pa.

In the autumn of 1911, he was called to the Community church of Gunnison, Colo. While in this location, he taught a training class at the new Western State college, where he also did extension work. He was rewarded with a degree of Ph. B. In the fall of 1913 he transferred to the First Presbyterian church of Ouray, Colo. He served here four years, then was called to the First Presbyterian church at Green River, Utah. Remaining here four more years, he concurrently held superintendency of the schools

of Green River and professorship in the high school.

His was the only Presbyterian ministry throughout eastern Utah. The next adjacent field of this denomination was at Grand Junction, Colo., 100 miles away. In 1921 he became the principal of North Side school in Montrose, Colo., until failing health forced him to resign all employment. With diverse stages of improvement, his vigorous state was never regained. He had in recent years been proprietor of a rooming hotel in Montrose.

SENATE IS READY TO GIVE APPROVAL TO NEW NAVY BILL

(Continued From Page One)

added 25 percent, or \$95,000,000 to cover increased construction costs under the NRA codes.

A separate authorization of \$95,000,000 would be set aside for naval war planes. This section would direct the navy to maintain a force of 2,114 war planes at all times, the construction program to cover five years.

Two Controversies
There were two subjects of controversy which must be settled before the final vote. One was the proposal to limit the profits of contractors. The other was a proposal to divide construction work equally between naval and private yards.

Senator Trammell (D) of Florida, chairman of the senate naval affairs committee, offered an administration amendment, limiting contractors' profits to ten per cent of the cost of construction. His proposal would compel contractors to file sworn statements of cost with the treasury, for computation of their proportional profits. Its adoption was forecast.

The committee also recommended an equal division of construction work between naval and private yards. It appeared this too would be written into the bill.

British To Build

London, Mar. 6.—Budget estimates for the British navy's 1934 program, calling for the construction of 23 new ships and an increase of more than 2,000 in personnel, were made public today.

Total expenditures are estimated at \$6,550,000 pounds sterling (approximately \$26,143,000), representing an increase of 2,980,000 pounds (\$15,078,800) over those of 1933.

The projected building program calls for the construction of four new cruisers, nine destroyers, one aircraft carrier, three submarines, four sloops, one tender, one super-vessel ship, and smaller craft.

RELIEF BOARD WAITS WORD FROM HARRISBURG

Lawrence county's relief authorities are still without definite word as to what action the state relief board plans to take within the near future, although Washington press dispatches daily announce that CWA activities will shortly be curtailed.

Dr. G. S. Bennett, board chairman, said today that instructions are expected daily from the state relief office.

GIRLS CAN SMOKE BUT NO "SMOKERS"

NEW YORK.—Freshman women at the New York University School of Commerce may smoke but their male classmates say they cannot have "smokers." The co-eds, it was revealed at the University, decided to imitate their freshman brothers and hold what would have been the first annual female "smoker." But after the boys charged them with plagiarism of a purely masculine event, they changed the name of the affair to "hen party."

Deaths of the Day

Rev. Riffer Funeral

Funeral services for Rev. Peter Riffer, Park avenue, were held on Monday afternoon from St. John's Lutheran church. Services were in charge of the officers of the Pittsburgh Synod of the West Conference and the pastors of the local Lutheran churches.

Rev. Henry H. Bagger, D. D., president of the Pittsburgh Synod gave the history of Rev. Riffer's work in the ministry. Rev. Frank W. Ash, secretary of the Synod and Rev. F. E. Stough, his pastor, preached the sermon.

Concluding the services at St. John's, the cortege wended its way to Ellwood City, where further services were held in Trinity Lutheran church with Dr. Henry H. Bagger, Dr. John J. Myers, superintendent of the Orphan's Home at Zellenople, Rev. A. M. Stump of St. Paul's Lutheran church, New Castle, and Rev. Elmer F. Rice, treasurer of the Pittsburgh Synod, taking part.

Many other ministers of the Synod and former members and friends of Rev. Riffer's parishes were in attendance. The choir of St. John's church, with Lena Richards at the organ, sang several appropriate numbers.

Interment was made in the Wurttemberg cemetery, the family burying ground of Mrs. Riffer's family.

Mrs. Letitia Reid Earley

Mrs. Letitia Reid Earley, aged 64, widow of Dr. John Earley, died suddenly at the home, Kurtz Place, at 10:30 p. m. Monday, March 5.

Mrs. Earley was born at Titusville, September 13, 1869, the daughter of Daniel G. Ried, D. D., and Nancy Wright Ried and had been a resident of this city the past thirty-nine years. She was preceded in death one month ago by her husband. She was a member of the Second United Presbyterian church. She was a graduate of Geneva College in the class of '85.

Surviving are two daughters: Mrs. Lillian Clark and Mrs. Albert G. Rieck and a son John McFarland Earley. A son, Dr. Joseph Reid Earley, died in 1918. There is also a sister, Mrs. Worth Kerr of New York and five grandchildren: A. G. Rieck, Jr., Letitia E. Rieck, Edward E. Rieck, II, John Earley Rieck and Charles L. Clark, Jr.

Funeral services will be held on Thursday at 2:30 p. m. from the home, Kurtz Place, and interment will be made in Oak Park cemetery. Dr. C. K. McGeorge will officiate.

Mrs. May Virginia Bell

Mrs. May Virginia Bell, widow of S. Y. Bell, died at the home, 224 Garfield avenue, after an illness of five days.

She was born at Morgantown, W. Va., the daughter of Robert and Helen Adams and had been a resident of New Castle the past forty-two years. She was a member of the Second United Presbyterian church.

Surviving are two sons: R. W. Earl Bell, this city and Vaughn Y. Bell, Milwaukee, Wis.; two sisters: Mrs. Sarah Abel, Folsom, W. Va., and Mrs. Agnes Stofor, Cleveland, Ohio, and two grand children: Grace Bell this city and John Thompson Bell, Milwaukee, Wisc.

Funeral services will be Wednesday, March 7, at 2:30 p. m. from the home, with Dr. C. K. McGeorge officiating. Interment will be made in Oak Park cemetery.

William J. Young

William J. Young, aged 76, Darlington township, a prosperous and well known farmer, died at the home of his nephew, Arthur W. Young, Monday at 3 p. m. following a stroke suffered a few days ago.

He was born in Darlington township, August 8, 1857 and has lived in the vicinity all his life, having been engaged in farming. He was a member of the Rocky Springs United Presbyterian church.

He is survived by a brother, J. R. Young, three nieces and five nephews, all of Darlington township.

Funeral services will be held Wednesday at 2 p. m. in the United Presbyterian church of New Castle, with the Rev. W. W. Willis officiating. Interment will be made in Rocky Springs cemetery.

Mrs. DiLorenzo Funeral

Funeral services for Mrs. Tony DiLorenzo, Croton avenue, were held Monday at 9 a. m. from St. Vitus church with the Rev. Fr. DeMita officiating.

Interment was made in St. Vitus cemetery.

Mrs. Phillip Williams

Llewellyn Thomas, South Jefferson street, and Mrs. Sarah A. Lewis, Highland avenue, have received word of the death of their sister, Mrs. Phillip Williams, Taylor, Pa., on Monday.

Funeral services will be held Wednesday afternoon. Mrs. Williams was well known in New Castle as she has visited here many times with her brother and sister.

Florence Miles Funeral

Funeral services were conducted for Florence Elveta Miles, six year old daughter of Mr. and Mrs. John Miles, of O'Brien street, Saturday afternoon, from the home of her grandparents, Mr. and Mrs. Harry Glitch, Dean building, South Croton avenue, with Rev. A. P. Shaffer,

pastor of the Wesley Methodist Episcopal church, in charge.

The services were very largely attended and there was a beautiful assemblage of floral tributes in memory of the lovable little girl.

"The Old Rugged Cross" and "Jesus Loves Me" were sung by Mrs. Margaret Grittle.

Sunday school friends of Florence Elveta acted as flower bearers. Frances Grieve, Pauline Grittle, Barbara Grittle and Juanita Skaggs, and pallbearers, Norrene Buchanan, Mary Williams, Betty Shaffer and Anna Grace Cavender.

Interment was made at Oak Park cemetery.

William Shaw Funeral

Funeral services for William M. Shaw were held from the Mahoning Methodist church Monday afternoon with the pastor, Rev. W. H. Downing, officiating, assisted by Rev. V. L. Bloomquist of Savannah.

Never in the history of the church has it been so filled with sorrowing relatives and sympathizing friends for a funeral service.

A quartet, Mesdames Mautman and Johnson, Dr. C. W. Davis and C. M. Adams, sang "The Garden of Prayer" and "Face to Face," with Mrs. McClure at the piano.

Interment was made in Graceland cemetery; pallbearers were E. H. Hill, C. B. Grassell, L. M. Wilkison, Frances Dennison, Robert Alexander and E. C. Durbin.

James T. Pilmer

James T. Pilmer, aged 74, a retired engineer of the Pennsylvania Railroad, E. and A. Division, died at his home in Erie at 5:20 p. m. Monday, March 5. Mr. Pilmer entered the service of the Pennsylvania railroad July 1, 1879, and was promoted to engineer August 8, 1883, and was retired July 1, 1929.

He is survived by his wife; a daughter, Mrs. Mary J. Cook, this city, and a son, Thomas L. Pilmer, Erie.

Funeral services will be held Thursday afternoon at the home in Erie.

RIISING RIVERS AND STORMS CAUSING GREATER DAMAGE

one was endangered by the incident. Automobile traffic was required to detour several miles before crossing the stream. The highway is not excessively traveled, however.

Locked fast in the ice, the bridge, one of the oldest iron spans across the stream, was apparently balanced on the edge of the dam. Ice swirled all about it and it was expected the bridge would be pushed into the water immediately below the barrier. It was carried to the dam by the ice which had gorged beneath it here.

Replacement Cost \$100,000.
Engineers estimated it would cost approximately \$100,000 to replace the structure.

The Parkers Landing ice gorge which moved out last night lodged again at Rimerton and threatened to inundate that community.

Kittanning reported the City Park and Water Street. Riverside sections, covered with water a short time after an alarm was sounded by government officials at Lock No. 7. It was expected the gorges would break up again today and move southward once more, gorging and breaking up repeatedly.

For Hard Coughs Or Colds That Worry You
Creomulsion is made to give supreme help for coughs or colds. It combines seven helps in one—the best helps known to science. It is for quick relief, for safety. But careful people, more and more, use it for every cough that starts. No one knows where a cough may lead. No one can tell which factor will do most. That depends on the type of cold. Creomulsion costs a little more than lesser helps. But it means the utmost help. And it costs you nothing if it fails to bring the quick relief you seek. Your druggist guarantees it. Use it for safety's sake. (adv.)

Now easy to take off FAT by New JAD METHOD

You Grow Thin on 3 Full Meals a Day

Scientists have just announced a remarkable discovery which enables the fat person to grow thin at a cost so small that it hardly need be considered!

Indeed, in this way you can eat 3 full meals daily and lose—comfortably—as much as a FULL POUND EVERY DAY!

All for about 14c a week!

All You Do

It's amazingly easy. You just do two simple things. Get a bottle of the new Condensed JAD Salts and take a teaspoonful in a glass of water before breakfast. Make two small changes in diet—as explained in the folder in-

side the Condensed JAD package you get. That's all.

You look pounds lighter from the first day, for the Condensed JAD Salts banishes excess moisture weight and all puffiness and bloat at once. And the system is quickly cleared of depleting poisons... Yet you never need know a hungry moment.

Costs Only 2c a Day

Just ask for the new Condensed JAD Salts at any drug store. A month's supply is only 60c. You actually can follow this scientific plan for 2c a day. Don't forget: ask for the new Condensed JAD Salts.

Begin the quick JAD Method of reducing—tomorrow morning. The Condensed JAD Salts—remember—were urged as a poison-banishing agent... to banish unhealthy bloating and to eliminate body

WOMAN'S CLUB HEARS TALK ON "NATIONALISM"

"Nationalism is the philosophy which believes in building a nation to the highest point of excellence," said Dr. L. H. Beeler of Grove City College as he addressed the members of the New Castle Woman's Club Monday afternoon in the Highland church.

He further said that the love of country and spirit of nationalism is what has given the United States its independence, its growth, and strength, and it is this same principle which will keep it great. He cited many instances of how foreigners are trying to undermine the underlying principles of our country and he said to combat this force, the country must stand by its nationalism in order to protect the home, the church, the school, the business and government. In concluding he said the country must strive to maintain those things for which our forefathers died; keep alive the ideals for which we have struggled and to see that the children have the right of perspective of the future.

The program for the afternoon was in charge of the Department of American Citizenship, Mrs. Harry Bormley, chairman, and at the close of the program a handsome "patriotic" bouquet of cut flowers, which was used as a decoration, were presented by the department to Mrs. E. F. G. Harper, president. Mrs. A. B. Street, for the nominating committee, presented a slate of officers to be elected at the March 19 meeting. The slate included president, Mrs. A. H. Business Women Hear Pittsburgh Speaker

Confidence. Confidence in government, confidence in federation and confidence individually was the slogan sounded for Business Women's week of the National Federation of Business and Professional Women's clubs by Miss Jennie Munro of Pittsburgh, who gave a very excellent address Monday evening before the B. W. P. club of New Castle assembled in the Green Room of the Y. W. C. A.

Miss Munro, who is chairman of the state educational committee of B. W. P. and also dean of women at Pittsburgh Academy, came last night to feature a preliminary opening of the seventh National Business Women's week of the National Federation of Business and Professional Women's clubs which will be formally opened next Monday evening, March 12, by Mrs. Franklin D. Roosevelt in a nationwide broadcast.

The meeting was in charge of the president, Miss Helen White who named Miss Nannie L. Mitchell, chairman of the Public Relations committee to introduce the speaker. Miss Munro who is the possessor of a charming personality at once won her audience who listened with rapt attention to the program of accomplishment outlined for the week.

In the National clubs' campaign to secure re-employment of 10,000 "white collar" women, Miss Munro stressed this important objective and continued by emphasizing three platform pledges, namely: the educational public school program, labor betterment and unemployment insurance.

Preceding the address, an excellent dinner was served. Standing, the assembly quoted Mary Stewart's Collect, which is synonymous to prayer, "The Song of Welcome" led

by Miss Mary Harvard with Miss Garnet Aey at the piano, followed and throughout the meal, pep singing was enjoyed.

The 75 guests were seated at four long tables, attractively decorated with Ophelia roses and green tapers. After dinner several reports from committee chairmen were heard. Miss Genevieve Riddle speaking for the International Relations committee, Miss Nannie L. Mitchell, Public Relations department, Miss Lucille Lutton, finance and Miss Florence Davis of the social committee who invited the assembly to remain for an informal reception period during which they were privileged to meet Miss Munro and later indulge in various diversions, bridge, 500, bingo and anagrams.

The local club has a busy month ahead for among its activities is listed an invitation to meet with the Butler club on March 12 when Miss Charlotte E. Carr will speak at the Sterling club. Reservations are in charge of Miss Georgianna McNeen.

March 15, there will be a card party and style show given under the guidance of Miss Jeanette Hutten and Mrs. Mary Guy and committee.

On the 17th, a Boston Saturday Night supper will be held at New Wilmington and on the 20th, the local club was invited last night by Miss Mary White, Y. W. C. A. secretary, to join in a nationwide banquet.

The next regular club meeting will be March 19 at the Y. W. C. A. Among the guests present Monday evening were Dr. Elizabeth McLaughrey and Miss Mary E. Browne of the Overlook, New Wilmington. Mrs. Bertha Bay, of Westminster faculty and Mrs. J. A. Edgar of The News.

QUOTA CLUB HAS DINNER MEETING
The Quota club of New Castle, which meets every Monday evening, enjoyed a dinner meeting last evening at the Elks club at six o'clock.

Mrs. Claire Brown was in charge of the program and introduced Mrs. Reva Gormley who, thru the courtesy of E. F. G. Harper, read a very interesting paper "The American Menace", dealing with the effects of communistic activities in our country today.

Miss Martha Bigley and Mrs. Reva Gormley acted as hostesses for the meeting last evening and will act in this capacity for the remaining meetings in March.

Miss Florentine Baransky was a special guest last evening.

Mrs. Orra K. Snyder, chairman of the program committee, announced some very interesting programs for the month of March. The next meeting will be on Monday evening, March 12, at which time we will be entertained by Mrs. Jerry Haines, pianist, and will hear about the Phalanx from one of its members.

Sauer Kraut Supper
A delicious sauer kraut supper proved an innovation Monday evening for the St. John's-Bit club gathered in the home of Mrs. Leroy Book on Bono street.

After supper, cards proved the main diversion with Miss Helen McKibben and Miss Gladys Gray winning distinction.

The next meeting will be on Mar. 19, with Miss Susan Wallace of Adams street.

QUEEN ESTHER CLASS ENTERTAINED MONDAY
Miss Helen Houk, Mrs. Violet Baskeyfield and Mrs. Mildred McKibben entertained jointly the members of the Queen Esther class of the Third U. P. church, taught by Mrs. Esther Hook, Monday evening, in the home of Mrs. McKibben on Euclid avenue.

The election of officers then took place with the following results. President, Miss Pearl Cointot; vice president, Miss Betty Gray; secretary, Mrs. Minnie Jones and treasurer, Mrs. Angie Kenahan.

Plans were made for the annual homecoming Sunday which will be April 15 and the annual class banquet on April 16 at which all present and former members will attend. A special committee consisting of Mrs. Edith Love, Mrs. Minnie Jones, Mrs. Jean Ulrich, Mrs. Josephine Sacripant, Mrs. Alice Rapson and Miss Ethel Bixler, was appointed at this time. Plans were made to present a play in the near future and the committee in charge consists of Mrs. Esther Hook, Miss Dorothy Kay and Mrs. Angie Kenahan. Several new members were admitted to the class and Mrs. Marjorie McDermott was welcomed back.

The newly appointed executive committee will meet soon to appoint the various committees for the coming year.

A social time filled in the balance of the evening. The program committee, Miss Viola Sankey and Miss Helen Houk, had complete charge. Prizes for games were awarded to Miss Dorothy Kay and Miss Thelma Rose. A tempting repast was served to about 25 members later by the hostess, Miss Florence Thompson of Ellwood City was a special guest.

On April 2 the class will meet again, the place to be arranged later.

CIRCLE '91 ENJOYS HUMOROUS PROGRAM

Twenty one members of the Circle '91 attended the regular meeting Monday afternoon in the Wallace avenue home of Mrs. J. W. Sarver.

The president, Mrs. L. G. Nail was in charge, with a story program being presented. Mrs. David Reese told a clever tale about "The Widows Cruise" and Mrs. W. H. Dunlap, Sr., gave a humorous Negro story. Mrs. Ira Fulkerson read a paper on James McNeill Whistler, which was enjoyable.

The next meeting is scheduled for March 19, with Mrs. David Reese of Reynolds street.

NAMELESS BRIDGE MEETING ENJOYABLE

On Monday evening, March 5th, Miss Doris Updegraff entertained the members of the Nameless Bridge Club, in a charming manner. Two tables of contract were in play, using the "Meet 'Em All" system of tallies and scoring. Miss Grace Streib won the lovely high score award.

The hostess, assisted by her mother, Mrs. C. D. Updegraff, served a tempting lunch. The small tables were beautifully appointed, with tall lighted tapers forming the centerpiece. St. Patrick's colors were carried throughout. A candlelight discussion of current events brought the meeting to a close.

The club will meet on May 19th, at the home of Miss Wanda White in Union township.

Past Chiefs Club
The members of the Past Chiefs club will be entertained Tuesday, March 20, instead of this week, at the home of Mrs. Margaret Clark, Butler avenue, with Mrs. Helena Burkhardt as her associate.

RADIO ETIQUETTE

When you are entertaining guests don't force them to listen to your favorite radio programs.

No matter how excellent, the entertainment may be boring to your guest, who perhaps would prefer to hear something totally different.

Few persons like loud tones.

The popular and pleasing hostess will ascertain what the guest would like to hear, if anything, over the radio.

It is not enjoyable to the person who has something worth saying or who wishes to learn something equally worthwhile from the hostess, to be drowned out or compelled to listen to the radio.

Nearly every family has its favorite stations.

Too often they bring them in without consulting the guests.

Insisting upon the superiority of these programs, they will selfishly keep them going and coming.

Radios are so common that nearly everyone has a list of favorites.

It is annoying to be obliged to listen to something personally irritating.

Forego your favorites in favor of your guests.

Or consult the latter as to what they would like to hear.

Your Income Tax

No. 32

CHECKING DELINQUENTS

The Bureau of Internal Revenue has at its command many sources for checking up delinquent taxpayers. One of these is the "information at source" provision of the revenue act, under which persons, "in whatever capacity acting," are required to report to the commissioner of internal revenue at Washington, D. C., payments to another in any calendar year of \$1,000 or more if the recipient is married, single, or a partner in a partnership, or if the payments aggregated \$2,500 or more. If the marital status of the payee is unknown to the payer, the payee is considered a single person for the purpose of filing an information return.

Fixed and determinable income includes wages, salaries, royalties, premiums, rent, interest, etc. A separate return of information for each employee is required of employers. The requirements are not limited to periodic payments, but a single payment must be reported. Corporations are required to make a separate report of dividends or distributions for each individual, fiduciary or partnership holder who was paid \$500 or more during the calendar year. It should be observed that the amount to be reported is the gross amount of the dividend without taking into consideration the amount of the excise tax of five per cent which was deducted at the source under section 213 of the National Industrial Recovery Act.

All persons or organizations acting as brokers or other agents in 1933, bond or commodity transactions, including banks which handle clearing orders for depositors or custodian accounts) are required to file returns of information on form 1100 with respect to all customers, depositors or accounts for whom or which business was transacted during the year. A separate form 1100 must be prepared for each customer, depositor, or account for whom or which business was transacted during the year, and must show the name and address and other information provided for in the form.

Information returns are carefully checked with individual returns of taxpayers. Thousands of delinquent returns and additional revenue amounting to millions of dollars have been secured as the result of the examination of information returns.

Just Folks

By EDGAR A. GUEST

JUST A MAN'S VIEW

It's not for me to criticize
The reigning fashions of the day
Or ever loudly emphasize
My own abhorrence of display.
But when invited out to dine
I often venture this remark:
"Though candles very softly shine,
I don't like eating in the dark."

I know that Emily Post declares
That candles are the proper thing,
And that's enough for her who wears
Upon her hand my wedding ring;
But though such scarlet tapers gleam
Like fire-flies flitting in a park,
This is the burden of my theme:
I don't like eating in the dark.

When guests have reached our dining room
And groped to find their proper chairs,
I call to mother through the gloom:
"Let's put away our stylish airs.
Perhaps our friends would like to see
What we are serving—wheat or shark.
Though candlelight may stylish be,
No man likes eating in the dark!"

Such foolish notions men possess!
How often have we heard that said:
"This woman's love of daintiness
That keeps life's table gayly spread,
Without her, man a brute would say."
Of culture showing not a spark;
But still admitting all I say:
"I don't like eating in the dark."

NO. ONE—HICK
One reason why they call it cross-examining is because the lawyers generally appear cross when they are doing it.

Looks like the Kingfish will soon have to change his name from Huey Long to So Long Huey.

There are over 3,000 landing fields in the United States, but lots of air-men don't bother using them.

Repeat put many brewers and bottlers back to work but it also threw a lot of lecturers out of jobs, so we just about broke even on the deal.

Funny, but the bird who complains the most about the heat in the summer, is generally the fellow who keeps his house unbearably hot in the winter time.

Lots of times the evil we see in others is merely a reflection of our own thoughts.

ONE WAY.
Beginner (who had never fished before): "Oh, I've got a bite. Now what do I do?"
Fisherman—"Reel in your line."
Beginner—"I've done that. The fish is tight against the end of the pole. Now what do I do?"
Fisherman (disgusted)—"Climb up the rod and stab it."

THE QUITTER
When you're lost in the wild, and you're scared as a child,
And Death looks you bang in the eye,
And you're sure as a bolt, it's according to Hyle,
To cock your revolver . . . and die.

But the code of a man says: "Fight as you can."
And self-dissolution is barred.
In hunger and woe, oh, it's easy to blunder,
It's the hell-served-for-breakfast that's hard.

Never bother about the man who calls you names to your face, but beware of the bird who goes around and talks about you behind your back.

MODERN INVENTIVE
Mrs. Newrich had given the landscape artist carte blanche and he was showing her over the formal garden.

"What is that?" she asked. He told her it was a sundial. "What's a sundial?" He patiently explained how the sun moving through the heavens cast a shadow which is recorded on the dial, indicating the time of day. Mrs. Newrich beamed with interest.

"My goodness," she exclaimed, "these modern inventions! What will they be thinking of next?"

When we see an unruly child we're inclined to believe that it's the parents' fault. The mental attitude of the parents toward each other and the atmosphere of the home is always reflected on a child's subconscious mind.

Battle Lines Drawn
Fight On Labor Codes
"Four-Hour Day!" Cries Technocrat

By LESLIE EICHEL

Central Press Staff Writer

NEW YORK, Mar. 6.—There is no mistaking that battle lines are being drawn for a fight on NRA labor codes.

While charges are being flung by employers in many parts of the country that they are being intimidated in voting whether they desired a labor union or a company union, large corporations are massing for a greater fight.

That is believed to have caused President Roosevelt to announce his NRA speech suddenly.

Point five of General Johnson's 12-point program is the gauntlet.

General Johnson said that hours had to be still shorter and wages still higher.

And higher prices will mean a buyers' strike.

What then?

Lower profits.

The battle will be over that.

The shot fired by John D. Davis, attorney for J. P. Morgan, will sound like a tin bullet when the really big guns get into action.

When they are turned on General Johnson—the aim actually will be at the president.

There is no more sentiment concerning that. And the president hopes there will be none.

TECHNOCRAT CRITICAL
Howard Scott, the most publicized technocrat, believes the New Deal is falling—by not providing sufficient jobs.

Scott says:

"If industry in the United States reached its 1929 rate of production of goods and services the total employment would not exceed 5,000,000."

What would Scott do?

Insist upon a four-hour day, 165 days a year for adults between 25 and 45.

Cott asserts the world will yet come around to his views.

OLD FASHIONED
Castor oil isn't as old fashioned as some folks may think.

Fennimore Cooper Marsh, castor

Oil manufacturer, who died in 1932 left an estate appraised at \$1,287,608, according to figures just announced in New York.

THOMAS VIEW
Norman Thomas, who was Socialist candidate for president, returning to New York from a tour of eight states, remarks:

"The influence of Father Coughlin and Huey Long will grow, and out of this setup somebody will come along and put the pieces together and there will be a big American Fascist movement."

Thomas said that the NRA has not furnished code enforcement that is "worth a whoop."

RAIL WRECKS
Recent rail wrecks may cause the government literally to "demand" that railroads renew track and repair equipment—particularly wheel flanges.

GOLD
Gold flow to the United States stopped because shipments no longer were profitable.

France went up against the dollar.

Banks were selling dollars to buy francs with which to buy gold from the Bank of France.

That created a demand for francs which increased their value, and balanced matters.

MARKED MAN
Large New York corporations have put the "aboo" on U. S. Senator Robert Wagner of New York. As head of the National Labor board he has tried to carry out the collective bargaining provisions of the NRA.

His final "offense" however, was the introduction of a bill to make permanent the National Labor board.

His bill would forbid any employer to foster, participate in or influence any organization dealing with labor problems.

That virtually would doom the "company" union, present obstacle of the National Labor board.

History On Parade—March 6, 1833. Abraham Lincoln went into the saloon business in New Salem, Ill. With William F. Barry and John Bowling Green, he bonded himself to be of good behavior and observe all the laws of this state relative to tavern-keepers.

March 6, 1864—The town of York, once American territory (by capture in the war of 1812), changed its name to Toronto, was incorporated, started a century of progress (which is being celebrated this week) to second largest city in Canada (631,000).

March 6, 1836—Crockett, Bowie, Travis, Bonham and a gallant band died with their boots on fighting in the Alamo. No more stirring incident has ever occurred in these United States than the heroic defense of San Antonio against the Mexican army under the Santa Ana, by 183 Texans who took refuge in the ancient Mexican mission called the Alamo. Eleven days before when the siege was begun by a thousand Mexicans, the Texans had an opportunity to escape. Their pride intervened. The garrison preferred death to retreat, looking on flight or surrender even against overwhelming odds as cowardly.

George Cronk, in his biography of Sam Houston, tells us the added fact that the garrison regarded the defense of the Alamo as necessary to the safety of all Texas and her people. Behind the outpost of San Antonio lay the scattered settlements of the colonists, ignorant of Santa Ana's sudden invasion from below the Rio Grande, and as yet unprepared for resistance. The offer of their lives as a barrier, even though swiftly swept aside, might give time to mass against the invader, and in

Weekly Health Talk

Nearly thirty thousand fatal automobile accidents in 1933 indicate that a colossal destroying agency is at work in the United States today. And it is devastating mortality were added the thousands of casualties of greater and lesser degree, the significance of this menace becomes all the more acute," states Dr. Theodore B. Appel, State Secretary of Health.

It goes without saying that were an epidemic suddenly to descend upon this land and do even a fraction of the damage attributable to the automobile, the nation logically would be thrown into a furore and desperate efforts would be made to combat the disease causing it.

However, the constantly increasing headlines of the gasoline driven vehicle merely creates an annual statistical stir, causes some temporary conversations and results in number of magazine articles. Which is merely another way of saying that control from a mass standpoint is well nigh hopeless. The nature of the matter is entirely too individualistic to lend itself successfully to such treatment.

"Most emphatically, the solution of this problem is remote from the possibility of public health action. If the situation is to be changed it can only be accomplished by the intelligent cooperation of the individuals who drive automobiles and the millions who, while not walking thoughtlessly or carelessly on roads or streets, get in their way.

In fact, the pedestrian hazard looms very large in this black picture. In cities, hundreds of thousands of people in the aggregate deliberately and habitually throw caution to the winds by jay walking, by crossing streets at all points but at street cars and even by deliberately disregarding traffic signals. And highway walkers also are more likely to move with, rather than against traffic, which of course results in greater risk, especially at night.

And finally, the automobile driver, himself stepping up his machine to an excessive speed and in hundreds of other ways violating the rules of this magnificent invention the Frankenstein it has so sadly turned out to be.

Therefore, it needs to be more emphasized upon the average brain than it is today, that all the healthful living in the world is of no avail when one either as a driver or as a pedestrian takes chances with the automobile and loses. Moreover, proper water and milk control, as well as the many other safeguards to health and life mean absolutely nothing to a dead man killed by his or another's automobile.

There can be no question that the menace of the automobile is a startlingly real one. But the vital question is, what are we going to do about it?

Ship Passengers Tell Of Terror Of Fire In Hold

Passengers On Burning City Of Montgomery Are Glad To Debarb

FIREMEN FIGHT RAGING FLAMES

(International News Service)
NEW YORK, Mar. 6.—Thirty-three passengers told a tale of 36 hours of terror spent aboard a burning ship far out of sight of land when they hurriedly debarked today from the coastwise steamer city of Montgomery as the ship had made her pier in North River. The city of Montgomery was accompanied up the bay by an escort of fire boats whose captain kept a watchful eye on the veil of smoke which kept filtering out of the vessel's hold. A whole platoon of city firemen was patrolling on the pier. They went up the gangplank as soon as it was lowered, opened the hatches and the great clouds of smoke which billowed out was the best testimony of the danger the passengers and the crew had lived through.

SHE ATE ALL-BRAN TWELVE YEARS WITH FINE RESULTS

Delicious Cereal Relieves Constipation

Read this very enthusiastic letter: "Something like eleven or twelve years ago, I began eating Kellogg's ALL-BRAN. When I started, it was called simply Kellogg's Bran, and I believe it was one of the first products of the kind on the market."

"My friends often laugh at my fondness for ALL-BRAN. It gives such a clean taste in the mouth, and I do not feel satisfied until I have had my ALL-BRAN."

"If the Kellogg Company should ever stop manufacturing ALL-BRAN, here is one who would be greatly disappointed."—Miss Amy Person, University Park, Iowa.

Science says that ALL-BRAN provides "bulk" to exercise the intestines, and vitamin B to further aid regularity. Also iron for the blood.

The "bulk" in ALL-BRAN is much like that of leafy vegetables. How much safer than taking patent medicines—often harmful. Just eat two tablespoons daily for most types of constipation. For serious cases, try it three times daily. If not relieved this way, see your doctor.

Sold in the red-and-green package. At all grocers. Made by Kellogg in Battle Creek.

PARTY HONORS DOUBLE BIRTHDAY

A double birthday party in honor of Miss Jane McCarthy and Martin Hawk was held Saturday evening at the home of Mr. and Mrs. W. E. Pinefrock, 116½ South Walnut street. Hours were spent playing 500 and dancing and at a late hour a delicious luncheon was served by Mrs. Pinefrock assisted by Mrs. George Hill. Guests were Mr. and Mrs. George Hill, Miss Olive Black, Miss Mary Belle Seamons, Miss Jane McCarthy, C. A. McCall, Martin Hawk, Arthur Cunningham and Mr. Allen the latter two of Wampum.

Margaret Henry Home Board Has Annual Session

D. S. Pyle Named Honorary Chairman Of Board, With Feuchtwanger President

ANNUAL REPORTS ARE SUBMITTED

Officers and directors were named by the Margaret L. Henry Children's Home board at the annual meeting held Monday afternoon in the rooms of the New Castle Chamber of Commerce. David S. Pyle was named honorary president and Marcus Feuchtwanger president.

The complete list of officers and directors elected was as follows:

Honorary president, David S. Pyle; president, Marcus Feuchtwanger; treasurer, C. W. Read; secretary, Francis S. Sowersby. Directors are: C. W. Read, R. W. Rowland, Joseph Hannon, Frank Schulz, James Barnes, Fred Wolford, George T. Weingartner, A. C. Hoyt, Rufus Patterson, Judges R. L. Hildebrand and James A. Chambers, Thomas Dickey, Samuel Klafier, C. L. McMillen, Marcus Feuchtwanger, and David S. Pyle.

President Feuchtwanger, in his annual report, expressed his thanks to all who have assisted the home during the past year.

The financial report showed that a small deficit exists, which was somewhat accounted for by the fact that the home does not receive children under the care of the Juvenile Court as in past years, these children now being cared for at the Crawford-Oakridge home, which has been taken over by the county. At the present time, there are nine children who are wards of the county residing at the Margaret L. Henry Home, where in past years, there were as many as 25.

The report of Miss Margaret L. Henry, showed that there are now 48 children residing at the home, 23 boys and 25 girls, all of whom are in comparatively good health.

The meeting was largely attended by the board members and indicated the deep interest taken by them in the home.

New De Soto Cars Now On Display

Morgan-Burrows Company Has New Airflow Models On Exhibition

The new Airflow DeSoto, a car born in a wind tunnel, is on display today at the Morgan-Burrows Motor Co., local DeSoto and Plymouth distributors, 25 North Jefferson street.

If you admire the line of fast modern planes and ships, this Airflow DeSoto will thrill you. With its smooth front and tapering rear it bores a hole through the air without a single unnecessary ornament to catch the wind. The passenger compartment of these new type bodies is properly ventilated at the bottom as well as the top.

In the Airflow DeSoto, for the first time, frame and body are one girder-trussed, safety-still unit extending not merely to the dash but from end to end of the car. The entire car moves as a whole instead of the frame vibrating against the body.

DeSoto's deep, comfortable seats are framed in gleaming chromium and upholstered in smart frieze. The front seat is instantly adjustable to suit the needs of any driver.

There is no crowd in the front seat of this new DeSoto. Although the car itself takes up no more room on the highway, its front seat is at least eight inches wider than before.

Just a few of the many features include airwheel tires, wider doors for easier entrance and exit, cradled, comfortable lounge seats, dual cow ventilators, disc or spoke artillery wheels, ceiling of washable material, steering shock eliminator, lower center of gravity, additional head room, bonderized rust-proof sheet metal, large enclosed luggage compartment, dual windshield wipers, 100 horsepower engine with aluminum cylinder head, patented floating power engine mountings, selective type free wheeling, larger hydraulic brakes with centrifuge drums and automatically controlled hydraulic shock absorbers.

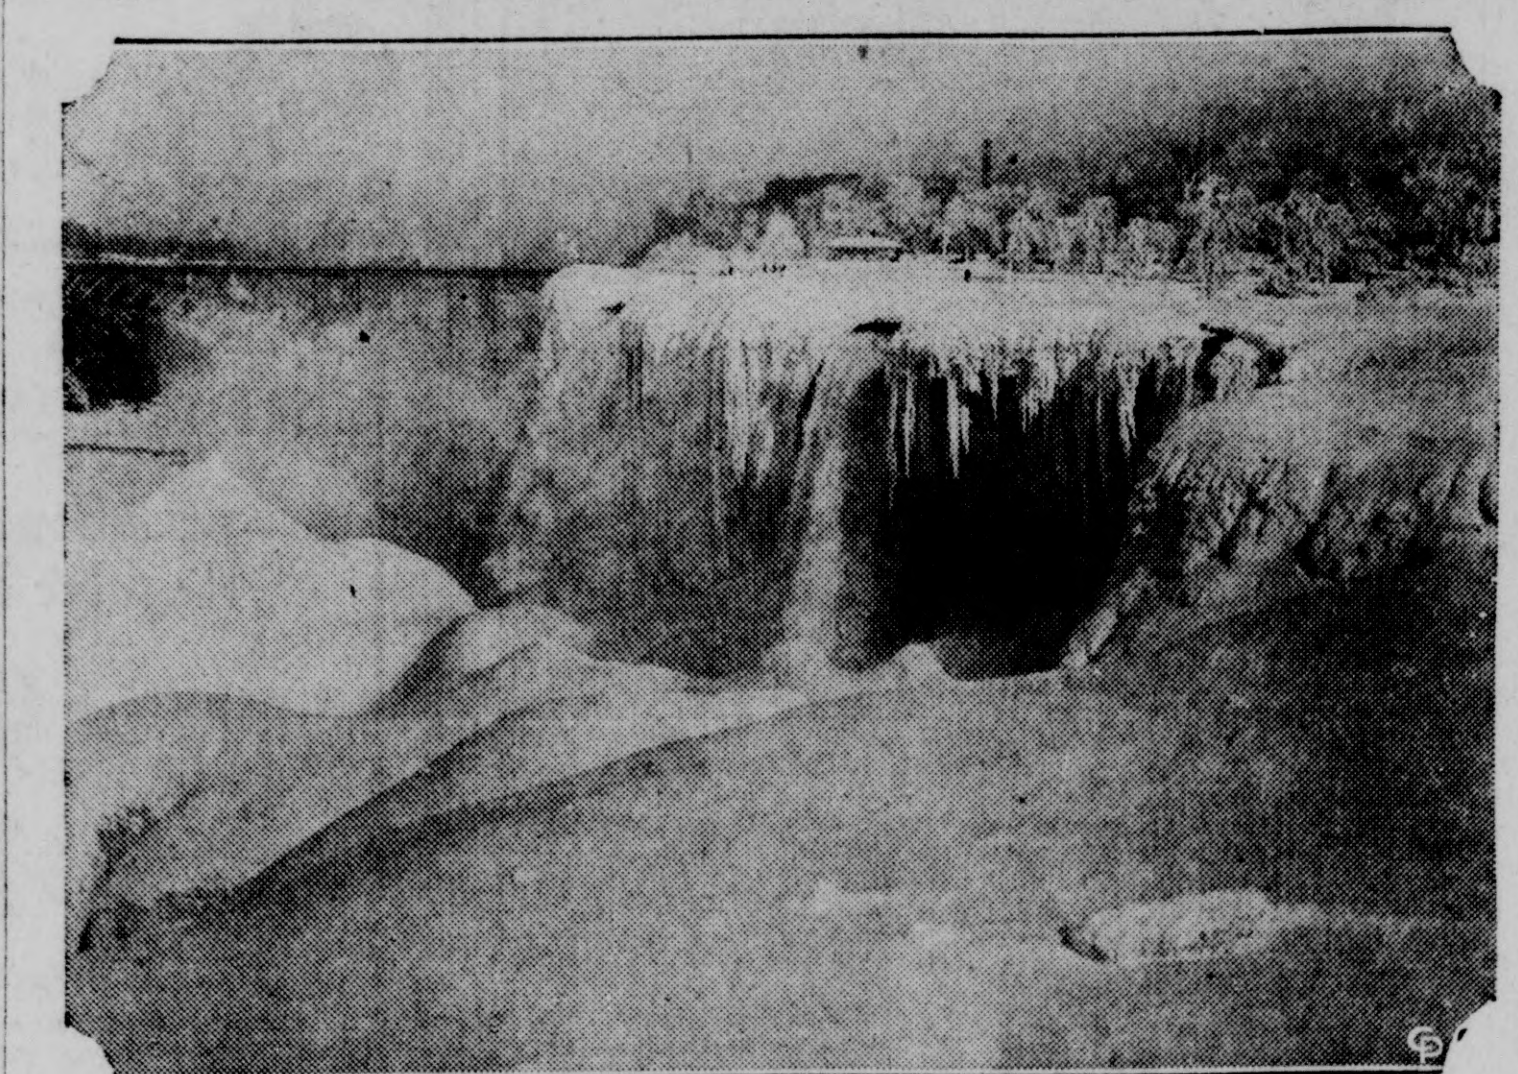

Lions Hear Donley Speak At Greenville

A party of 10 members of the New Castle Lions club attended last night's regional conference of clubs at Greenville and heard District Governor Harry S. Donley, Pittsburgh, outline plans for future activity.

In the local party were President Paul G. Dingley, Secretary Thomas I. Elliott, E. D. Marvin, Miles E. Myers, J. A. McNeill, R. L. Boyd, Jack Gerson, Dr. A. H. Borland, Earl Ramsey and I. J. Miller.

The affair, held in the Riverview hotel, was attended by 60 men of Region 2, District 14-B.

Huge Ice Mountain Enhances Beauty Of Niagara

One of the seven wonders of the world, Niagara Falls has created a new spectacle during the current winter, one of the worst it has experienced in years. The spray from the rushing cataracts, freezing in the sub-zero temperatures, has formed a gigantic ice mountain, rising 120 feet high. This scene of the falls shows the ice mountain at left, taken from Goat island.

Dr. Bennett Says Transients Show Large Decrease

Lions Hear Discussion Of Relief Work At Session At Noon

Praising the new transient system which the State Emergency Relief board has placed into operation throughout the state as "highly effective in detouring roaming strangers," Dr. G. S. Bennett, today told the Lions club that the number of New Castle transients has decreased about 25 percent since the plan was adopted here.

Dr. Bennett, speaking on the first anniversary of his appointment as chairman of the Lawrence County Relief board, discussed the county's general relief program before the civic club.

The relief head said that City Manager Lowell Monroe has informed him that Ellwood City's transients have increased about 25 percent, and he declared that this increase could be attributed to the transient care system now operating here. He said that roomers are inclined to miss the cities where such a plan is followed. He assured that Ellwood City would soon have a plan working there, too.

During his speech Dr. Bennett referred mostly to the material phases of the relief work, although he asserted that there has been a spiritual and moral phase as well.

J. W. Staudinger and Numa F. Vidal were received as new members of the club today.

Mrs. Bradford Asks Court For Divorce And Alimony Fees

Mrs. Mary E. Bradford has filed an application at the prothonotary's office for a divorce from her husband, D. Roy Bradford, on the grounds of cruelty. They were married in July, 1916, and lived together until May, 1933.

Mrs. Bradford has also filed a petition for alimony and counsel fees, pending the disposition of the divorce case. A rule has been issued on Bradford to show cause why the prayer of the petitioner should not be granted.

DILLINGER MAY BE LEADER IN BANK ROBBERY

(Continued From Page One)

Ind., jail and later abandoned his automobile here.

Discovery of the small sedan, stolen from Sheriff Lillian Holley for the flight, centralized the manhunt here in the vicinity of the Ardmore Ave. apartment building in front of which the car was found parked. Furthermore, Dillinger was twice seen in the neighborhood last Saturday only a few hours after his sensational escape. On one occasion he had a pretty young woman with him.

Picked squads of detectives and plain clothes policemen, instructed to shoot and kill Dillinger on sight, were mobilized to search the area for the hideout which Dillinger is believed to be occupying with outlaw friends.

Many of the officers were equipped with bullet proof vests. All were sufficiently well armed to cope with the two sub-machine guns which America's No. 1 outlaw took with him from the Lake county jail armament chamber.

Gave Wrong License Numbers. In addition to the special squads searching for the outlaw killer every one of the city's 5,000 policemen was furnished with a description of Dillinger and ordered to be on the alert for the desperado.

How the bandit was able to slip through an elaborate police cordon and into the city came to light when the automobile was found. The car's license plates bore a different number than that broadcast by the office of Sheriff Holley in a plea to police of the middle west to recapture the fleeing Dillinger.

Sheriff Holley, her resignation already demanded as five separate investigations gained headway, was at a loss to explain the discrepancy.

A policeman who twice saw and pursued Dillinger, only to lose him in the traffic, reported that he was accompanied by a young woman identified as Elaine De Kent Burton.

Miss Burton is believed to have plotted Dillinger's escape, investigators said after learning she had visited him in the jail two days before the flight and conversed with him in a mysterious "football signal" jargon.

Mrs. Effie Collingswood, of Highland avenue, has returned home from the Jameson Memorial hospital, where she has been undergoing treatment.

Harry C. Duncan, of R. F. D. No. 2, slightly injured in an automobile accident Sunday, was able to leave the Jameson Memorial hospital Monday afternoon.

Mike Zugow, of 1803 Moravia St., who dislocated his right shoulder, the result of a fall Saturday night, was discharged from the New Castle hospital this morning.

Mr. and Mrs. C. Sheldon, of Hamden avenue, Youngstown, were guests of Mrs. Elizabeth Spence and family, of Cleveland avenue, Sunday.

Miss Jeanette Vogan, Park avenue, have resumed her studies in Senior high school after an absence of four months, caused by a fractured leg which she sustained in a coasting accident.

To End a Cough In a Hurry, Mix This at Home

Saves Big Dollars! No Cooking!

Millions of housewives have found that, by mixing their own cough medicine, they get a purer, more effective remedy. They use a recipe which cost only one-fourth as much as ready-made medicine, but which really has no equal for breaking up obstinate coughs.

From any drugstore, get 2½ ounce of Pinex. Pour this into a pint bottle and add granulated sugar syrup to fill up the pint. The syrup is easily made with 2 cups sugar and one cup water stirred a few moments until dissolved. No cooking needed. It's no trouble at all, and makes the most effective remedy that money could buy. Keep perfectly, and children love its taste.

Its quick action in loosening phlegm, clearing the air passages, and soothing away the inflammation, has caused it to be used in more homes than any other cough remedy.

Pinex is a highly concentrated compound of Norway Pine, famous for its healing effect on throat membranes. It is guaranteed to give prompt relief or money refunded.

Liquor Control Campaign Starts

State Stores Seek To Educate Liquor Users Not To Patronize Bootleggers

UNFORTUNATES GET ASSISTANCE

(International News Service)

HARRISBURG, Mar. 6.—The state liquor control board today was conducting a verbal campaign against bootleggers by means of a printed "message" to its customers wrapped with all purchases made in the state stores.

Pointed out that "every one who buys from the bootlegger should know that profits go to maintain the criminal gangs that have grown rich and powerful from illegal traffic in liquor," the statement continued:

Helping Unfortunates

"Every liquor user who patronizes a state store has the satisfaction of knowing that the profits from the liquor traffic go to help the unfortunates."

"It is in the interest of every Pennsylvanian, individually and collectively, that the state store system be a success. For every penny taken in above the cost of liquor sold and above the cost of operation of the stores takes the place of taxes."

The board invited criticism and pledged investigation of all complaints in the "message" which was signed by Robert S. Gawthrop, chairman, and A. Marshall Thompson.

Purim Program At Beth Shalom Sunday School

A most interesting Purim program featured the Sunday morning session of the Beth Shalom Sunday school at the center, with Robert Levine giving a talk on "An Old Fashioned Purim".

The kindergarten class gave some poems on "Purim" with Hinda Kohn, Arthur Samuels, Marjory Sandler, Shirley Rosenberg and Sheldon Cohen taking part. The story "Esther Before the King" was given by Beatrice Sandler and a reading "The Evening Prayer".

The three Jolly Hesters were Joseph Wolf, Bobby Frank and Harriet Abkowitz. A song: "Haman, Esther and Mordecai" was sung by Marjory Fisher, Violet Toby, Libby Aronson, Clare Kohn and Thelma Cohen. "The Purim Wish" was given by Leroy Raffel and George Rubenson.

The day was the birth anniversary of Barbara Edelstein and her class sang "Happy Birthday" to her and she furnished a treat for the entire school.

SEVENTH WARD NEWS

Windstorm Does Damage In Ward

Sudden Storm Of Monday Afternoon Has Freak Results Here

Monday afternoon's freak wind and rainstorm left a trail of damage in seventh ward.

Two houses on West Clayton street were struck by lightning, two electric light posts and a tree were blown down out East Cherry street, and a window in a downtown restaurant was shattered by a blast of wind, the storm inventory revealed.

The houses hit are those owned by John M. Bevan and John Walter, both located near the west end of West Clayton street, but four or five houses apart. Neither was seriously damaged, the lightning forks having glanced across the roofs. Shattered plate flew for a hundred yards. The home of George Wilson, located between Bevan's and Walter's, was shaken considerably and Mrs. Wilson believed that at first it also, but examination proved that it had not.

The wind storm gathered force with surprising rapidity and was spent in just a few minutes.

HUGE CROWD ATTENDS ENGINEER'S FUNERAL

The funeral services conducted for the late William M. Shaw, of West Cherry street, engineer who met death while at the throttle of a Pennsylvania railroad train at Pittsburgh a week ago, were the largest attended here in years.

Services for the veteran engineer were conducted in the Mahoning Methodist Episcopal church and the large auditorium, Sunday school and balcony were filled to capacity. Automobiles were lined up on East Madison avenue and even on East Cherry street.

A city police escort led the funeral party to the place of interment, Oak Park cemetery.

NO DAMAGE DONE

Although Cottage Grove, located near Fayette, this side of New Wilmington, has been having its share of high water during the past several days, there has been no damage done to the cottages, according to report yesterday. The cottages there, about ten in number, are owned by seventh ward families.

SCOUTS WILL MEET

A regular meeting of the Mahoningtown Boy Scout troop will take place Friday evening at troop headquarters, Horchler building, East Cherry street.

LOOK-OUT CLASS
Mrs. David Daniels, of Liberty street, will entertain the Look-Out class of the Mahoning M. E. church taught by Mrs. J. A. Waddell, this evening.

TREES BLOWN DOWN

Quite a number of trees were blown down along the Mt. Jackson road yesterday afternoon by the windstorm.

ATTEND SUPPER

Local members of the Robt. Blum Lodge, Knights of Pythias attended a supper last evening at the Marks home on Highland avenue.

SEVENTH WARD PERSONALS

William Kahle, of Wabash avenue, spent Sunday in Ford City, Pa.

Mr. and Mrs. J. A. Prater, of Wabash avenue, spent Sunday in Ford City.

Clarence Coates, local insurance agent, was in Pittsburgh Monday on business.

Miss Myrtle Mae Conn, of West Madison avenue, is confined to her home by illness.

Grant Patton, of Ford City, is visiting Mr. and Mrs. J. A. Prater of Wabash avenue.

Robert Alexander, of Erie, Pa., attended the funeral services for William H. Shaw Monday afternoon.

Mr. and Mrs. Francis Denniston and family, of Erie, Pa., were in seventh ward Monday afternoon, attending the funeral services for William H. Shaw.

Mrs. Mary Zahnizer, of Pittsburgh, was a Monday visitor in seventh ward. Mrs. Zahnizer has recovered from an appendicitis operation performed some weeks ago. She is a former New Castle resident.

AROUND CITY HALL

Police chronology for 24 hours ending 3:30 p. m. March 6, four arrests on charges of drunkenness.

A. A. Hoyland, director of city finance stated today that during 1933 bonds to the amount of \$25,000 were retired which left the bonded indebtedness as of January 1, 1934, at \$900,000, as interest of \$41,265.00, had been paid. Certificates of improvement retired during 1933, totaled \$10,200.27 and the interest paid on them amounted to \$2,999.09.

The 1933 budget called for an anticipated expenditure of \$412,926.73, and the expenditures amounted to \$388,852.58. The expenditure saved under that anticipated was \$24,074.15. The delinquent tax for 1933 on January 1, 1934 for general revenue purposes was \$152,664.32, Hoyland reported.

City police have received a report that the bridge in Ralph avenue which spans Big Run is in bad condition. The information received by the police was in turn submitted to commissioners of Lawrence county, the report said.

Eddie Pritchard, sheriff of Lawrence county apparently had a hard time losing Agnes Williams, colored, of the Moravia Street section. It was only a week ago that Agnes was given her liberty after spending several months as a guest of the county. A few nights ago she was collected by the law after a man is said to have alleged that Agnes approached him in Moravia street and while she engaged him in conversation relieved him of a pocketbook.

Credit Banks To Be Set Up

Credit Banks Will Be Established Chiefly As Aid To Small Heavy Industries

PLANS DISCUSSED IN WASHINGTON

By ROBERT S. THORNBURGH
International News Service Staff
Correspondent

WASHINGTON, Mar. 6.—Establishment of a series of intermediate credit banks to aid chiefly small heavy industries working under NRA codes was assured today following approval of the plan by the governors of the Federal Reserve Banks. The banks, in co-operation with Secretary Morgenthau, immediately undertook an exhaustive investigation to determine the amount of funds needed for the project, the number of persons who would be returned to work by this credit aid to industry and methods under which the new system could work with the commercial banks.

Need Assistance

The impression existed that the big heavy industries are well financed and will need no assistance. However, small industries of this type have suffered difficulties and were held to be in need of loans of from one to three years to put them on a production basis. As a result of telegrams sent to 112 leading banks of the country much information relative to the intermediate credit system was received. It was regarded that the plan had the approval of a majority of those bankers sent questionnaires. Replies indicated the belief that employment would be stimulated and that such a system had a real place in the credit structure of the nation.

Information in the hands of the federal reserve governors indicated that many of the small industries had sufficient real property, such as plant equipment and raw material on hand that would form collateral for sound loans.

Parent-Teacher Associations

WEST SIDE MEETING

At the March meeting of the West Side Parent-Teacher Association in the West Side school building on Monday evening B. K. Thacker, principal of the George Washington junior high school delivered a most interesting address on "Educational and Vocational Guidance."

Mr. Thacker stressed the three types of guidance, namely, social, vocational and educational. Social

guidance is the development of character and the parent is the chief guidance. The main speaker suggested many ways in which a child can be aided when he or she goes about selecting vocational work. Educations in itself is guidance," Mr. Thacker stated.

The splendid address was closed with the recitation of the poem, "A Job," by Edgar A. Guest. Those present thoroughly enjoyed the lecture. One of the highlights of the evening was a two act playlet, "Not a Man in the House," presented by the Cardinal Girl Scout Troop No. 7, under the supervision of Mrs. George Ferver.

The meeting came to a close with serving of refreshments by the executive board. A children's program will feature the April meeting of the West Side P. T. A. on April 9 at 2:30 o'clock. Mrs. Chauncey Davis announced.

Pymatuning Dam Filling Rapidly

Main Dam Has Risen Foot In Last 48 Hours As Thaw Sets In

LEVEL IS NEARING SPRING HIGH POINT

With the first thaw of the season getting in its effect in the Pymatuning Dam area, millions of gallons of water are now being impounded, engineers at the dam state. The gates at the dam were closed on January 28, when the water level was 979 feet above sea level. It now stands at 987 feet and has risen a foot in the last 48 hours.

An eight-inch layer of water was running over the spillway on the New Linesville-Espeyville road, providing a new source of water for the main reservoir. The area covered by the section east of this roadway is now twice the size of Conneaut Lake.

When the water from the smaller reservoir reaches the main crest of the dam, it is expected to increase the depth several more inches.

NEW COURT RULES FOR LAWYERS ARE PLACED IN EFFECT

Inns Of Court Gathering Hears New Regulations At Dinner Session

Forty-seven Lawrence county lawyers heard Attorney Wylie McCaslin present a new draft of Lawrence county court rules for attorneys when the Inns of Court, legal study group here, met at the Elks club.

Mr. McCaslin, chairman of a special attorney's committee, worked in collaboration with Judges R. L. Hildebrand and J. A. Chambers in the preparation of the rules. Each judicial district of the state has rules of court which supplement but never conflict with those enacted by the state legislature. The new draft is effective this week.

Other lawyers who served on the committee were Attorneys J. Norman Martin, Roy M. Jamison, E. M. Underwood and W. Walter Braham. The Inns of Court re-elected Attorney Clarence A. Patterson president and Attorney Edwin K. Logan secretary for the ensuing year.

Judge James A. Chambers was a special guest at the meeting.

New Airflow Chrysler Cars Now On Display

New Models Can Be Seen At Chambers Motor Co., Croton Ave.

On the tenth anniversary of the Chrysler car the Chrysler Sales Corporation announces a series of new Chrysler cars that are even more outstanding today among motor cars than was the original Chrysler of a decade ago.

These new Chrysler cars—Airflow Chrysler—are eight-cylinder cars of a totally new kind. Nothing like them has previously existed, either in appearance, in performance or in smoothness and comfort of ride.

In the old design, the engine, the heaviest unit in a car, was behind the front axle. In the Airflow Chrysler this mass weight is over the front axle in a position nearly 20 inches farther forward than in ordinary practice.

In appearance the cars are the most perfectly streamlined yet to be produced, designed to slip through the air with the least possible disturbance of the surrounding atmosphere.

The entire structure of the Airflow Chrysler bodies is one complete unit of steel from front end to rear. Other features include floating power, large hydraulic brakes, automatic clutch and airwheel tires.

The Airflow Chrysler eights are produced at the present time in four body types, six-passenger, four-door sedan, brougham, town sedan and five-passenger coupe. The Airflow Imperial is produced in three types, six-passenger sedan and town sedan and five-passenger coupe. The Airflow Imperial, which is mounted on a 146-inch wheelbase and has an engine of 150 horsepower, will be available in a number of individualized and magnificently-styled body types.

The public is cordially invited to view the new Airflow Chrysler models now on display at The Chambers Motor Co., Chrysler and Plymouth distributors, 825 N. Croton Avenue, New Castle, Pa.

NEW Airflow CHRYSLER

HISTORY
REPEATS
ITSELF

Again CHRYSLER
Revolutionizes the Motor Car

ON THE TENTH anniversary of the first car to bear his name, Walter P. Chrysler proudly presents to the world the new Airflow* Chrysler.

Nothing that has previously existed in transportation gives any adequate idea of the sensation of riding in this car.

All the important weights in the car have been redistributed. The engine is over the front axle, the rear seat is 20 inches forward of the rear axle, the passengers ride at the center of balance . . . suspended between the two axles. The periodicity—or rate of movement—of the springs has been slowed down to the point that is most agreeable to human nerves.

In the Airflow Chrysler, for the first time in history, you really ride *inside* the car. The

body and frame are one. The frame surrounds you with a strong bridgework of steel.

With Airflow design comes a new era of roominess. The doors are as wide as house doors. Both front and rear seats have the spaciousness of divans. There is legroom, headroom and seat-width for six great big adult passengers. There is a big dustproof luggage compartment back of the rear seat.

With Airflow design, you get delightfully easy and positive steering; you guide the car with a simple forearm movement.

On top of all this, Airflow makes possible perfect ventilation without wind roar.

Within and without, the Airflow Chrysler is modern to the minute. The interior roof treatment makes use of an entirely new

material . . . dustproof and washable . . . strikingly beautiful. Fittings and upholstery are as refreshingly distinctive as a modern penthouse apartment.

A whole new world of motoring opens up to you in the Airflow Chrysler. When you see it and ride in it, you will know for yourself that it brings about a wholly new era in personal transportation.

Four Distinctive 1934 MODELS

CHRYSLER AIRFLOW EIGHT . . . 122 horsepower and 123-inch wheelbase. Six-passenger Sedan, Brougham and Town Sedan, five-passenger Coupe. All body types, \$1245.

CHRYSLER AIRFLOW IMPERIAL . . . 130 horsepower . . . 128-inch wheelbase . . . Six-passenger Sedan and Town Sedan, five-passenger Coupe. All body types, \$1495.

AIRFLOW CUSTOM IMPERIAL . . . 146-inch wheelbase . . . 150 horsepower . . . magnificently-styled, individualized body types.

1934 CHRYSLER SIX . . . With independently sprung front wheels for smoother, safer riding . . . 93 horsepower, 5 body types on 117-inch wheelbase; 2 types on 121-inch wheelbase. Priced from \$725 up. 4-door Sedan, \$795.

All prices F. O. B. Factory, Detroit

All 1934 Chrysler models have patented Floating Power engine mountings . . . safety all-steel bodies . . . hydraulic brakes . . . all-silent transmissions . . . alloy steel valve inserts . . . Oilite squeak-proof springs . . . free wheeling. Automatic clutch available.

Indict Mosez In Murder Case

Grand Jury Reports True Bill In Rose Balogh Slaying

John Mosez was indicted for the murder of Rose Balogh in a true bill returned by the grand jury today. The crime for which Mosez is indicted was committed on January 12, when he is alleged to have shot Rose Balogh, while he and the girl were walking along East Long avenue. Mosez is alleged to have shot the girl because she had refused to answer when he had asked her to marry him. The case will come up for trial next week. A true bill was also returned against James Oscar McCormick, who was charged in one indictment with involuntary manslaughter and with operating a motor vehicle while under the influence of liquor in another. It is claimed that he

ran down and killed Leona Cwynar, who was walking with some other girls on Atlantic avenue. It is also charged that after the accident he had failed to stop and render assistance.

Other true bills returned were as follows: Joseph S. W. Smith, for failure to pay liquid fuel tax; James Fandozzi, adultery; Harold Cromie, fornication and bastardy; Albert Conti, larceny of an overcoat.

Tifereth Israel Has Purim Program

Children Of The Sunday School Present Play In Spirit With The Holiday

Sunday evening the Sunday school of Tifereth Israel had a Purim program, with a large audience filling the synagogue. The play "Purim Hi-Jinx" was

presented by the pupils and it won hearty applause and laughter. Between the acts various musical numbers were given by Mrs. Sloan Mrs. Allen, Miss Estella Waldman and Arthur Aaronson. Recitations were given by the younger pupils.

The program was made possible through the co-operation of the teachers, pupils, committee of education and Mrs. A. Shapiro and the Ladies Auxiliary. Mame Levine directed the play, while Miss Marian Ginsberg, with the aid of Misses Sylvia Levine and

Jeannette Ginsberg, made the clever costumes.

TO PRESENT VIADUCT FACTS ON WEDNESDAY

Forces Line Up For Hearing On Croton Viaduct

Announced That Hearing Before Grand Jury Will Be Open To Public

Grant Of \$57,180, Loan Of \$192,820, By Public Works Administration

Interested citizens for and against the building of the proposed Croton Avenue viaduct are marshalling their forces today preparatory to presenting evidence to the grand jury on Wednesday morning March 7, beginning at 9 a. m.

There was considerable discussion among attorneys at the court house as to the method of presenting the testimony. The grand jury, in the consideration of criminal cases, meets in court room No. 2.

Deliberations Secret

Deliberations of the jurors are secret. The district attorney calls witnesses on one side of the case only, that of the commonwealth. They are called before the grand jury separately and give their testimony. The jury then determines whether or not a true bill will be found.

The question which arose was whether the witnesses are to be taken before the grand jury separately in the viaduct case, and whether the public will be allowed to be present.

It was learned, however, that there is to be an "open" hearing. That is, spectators will be allowed to be present. District Attorney Mont L. Alley will have charge, but it is understood that additional counsel will be permitted on both sides if desired.

To Make Report

After the testimony has been taken the deliberation of the grand jury will be secret, no person being allowed in the room until they have made up their report, for or against the viaduct.

When announcement was made

that money could be obtained from the Public Works Administration for public projects, the county commissioners made application for money with which to erect a new court house, and build the Croton Avenue viaduct. Both loans have been granted.

That for the viaduct includes a grant of \$57,180, and a loan of \$192,820. The loan is to be secured by four per cent bonds, issued by the county.

The loans do not provide for the expense of securing the approaches to the viaduct. At the Croton Avenue end there is some property which must be purchased by the city, or be expropriated and the purchase price determined after the taking of testimony.

It is probable that at the hearing an estimate of this expense will be presented.

Congregationalists Will Celebrate

Fortieth Anniversary Of First Congregational Church On April 29

Forty years of service will be celebrated by the members of the First Congregational church on April 29, when the fortieth anniversary will be held. Committees are arranging the program, and a speaker of repute will be invited to deliver the anniversary address.

Back in 1894 when New Castle began to assume its place in the manufacture of tin plate, a number of Welsh-Americans came to the city. One of the first things they did was to organize a church and the First Congregational was the result. Twelve of the charter members of the church are still living, although not all of them live in New Castle. They will all be invited to be present at the celebration.

Blanket Order For Fixing Of Prices Of Milk

State Milk Control Board Will Make Effort To Peg Prices In Pennsylvania

(International News Service)
HARRISBURG, Mar. 6.—On the heels of the United States Supreme Court's decision validating milk price-fixing by states, the Pennsylvania Milk Control Board today promised to make every effort to peg prices in the commonwealth within two weeks.

"We hope to have a blanket order for the entire commonwealth drafted and ready in a week or ten days," said Chairman Edward A. Stanford. Orders of the board become effective three days after promulgation.

Stanford revealed the board planned to draft a single blanket order and then mitigate it to meet varying situations in different sections of the state. Some of these exemptions, he said, probably would be included in the original announcement.

Only the Erie marketing area is under jurisdiction of the board at present, an order fixing prices there having gone into effect Saturday.

The board has been holding daily conferences since the conclusion of its series of public hearings and has been studying testimony and briefs filed at the hearings.

FESS FACES FIGHT IN OHIO RACE

U. S. Senator Simeon D. Fess, Ohio's senior senator, and leading Republican power in the upper house, faces strong opposition in his fight to retain his seat. In the primaries he is expected to be opposed by Gilbert Bettman, former state attorney general, and if he succeeds in winning the nomination, he will be confronted with a still stronger fight from either A. Vic Donahey, who was governor of Ohio for three terms, or Gov. George White, Democratic candidates for the senatorial nomination.

DISORDER OCCURS IN HOTEL STRIKE AT PITTSBURGH

(International News Service)
PITTSBURGH, Mar. 6.—A miniature riot between 20 women strikers and employees of the William Penn Hotel occurred at a street corner today, bringing the first outbreak of disorder to the month-long strike at the hotel.

Police were rushed to the scene and arrested seven women but before the melee had sent one of the alleged principals to the hospital in serious condition.

At a hearing before a police mag-

istrate testimony indicated the fighting resulted from attempts by pickets to dissuade a strike-breaker from going to the hotel.

DANDRUFF Ends Overnight!

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get some plain, ordinary liquid arvon; apply it at night when retiring, using enough to moisten the scalp and rubbing it in gently with the finger tips. By morning, most if not all of your dandruff will be gone, and two or three more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It won't cost you more than thirty-five cents (35c). This simple remedy never fails.

Intensive Scout Drive To Be Made In Ellwood City

Ellwood District Scout Leaders Meet In City Building Here Last Night

MANY ACTIVITIES PLANNED FOR SPRING

ELLWOOD CITY, Mar. 6.—One of the most intensive campaigns in the history of the city will be made here in the very near future, when the Ellwood District Scout leaders swing into action to promote more and better scouting.

This was the gist of the monthly meeting of the local scout leaders in the city building last night, with Burgess Judd C. Turner, county vice president and district chairman, presiding. The deep resolve of the leaders here was shown by Burgess Turner's statement, "In the next few months we will either make or break scouting in Ellwood City."

Those present last night approved the selection of a booster committee composed of Secretary E. D. Danner, J. A. Pearson, John Lindgren, Nelson Runyan, and R. Main. Also in a large list of merit badge counselors for this district were appointed and approved at this time. The following were appointed as chairman of committees and have authority to appoint two assistants: Court of honor, John Lindgren; leadership, Fred Poister; transportation, Charles Carbeau and O. Bauer; finance, J. J. McLaughlin; camping, building, and equipment, Charles Blank; publicity, Nelson Runyan; scout training, Clyde Tinker; health and safety, Dr. T. B. Magee and Dr. C. M. Isaman; consulting and information, Booster committee; and educational, J. A. Pearson.

It was suggested that minutes of all activities be inserted in a separate section of the "Outlet" to be known as the Ellwood district. Plans were discussed for the Boy Scouts to put on a bird feeding campaign for March. Clarence Scott will be in charge of this. A drive will also be launched to raise funds and have the scouting movement in Ellwood City recognized to a greater degree. Mr. Lindgren suggested that notices be placed in conspicuous places in the city explaining the aims and functions of scouting. The value of Boy Scout training was explained by Burgess Turner when he pointed out that scouts rendered invaluable service last summer in a number of drowning and shock cases in this vicinity.

Plans for the annual indoor meet to be held some time in April were discussed at this time. Ralph Main and his committee will be in charge of this event. It was announced that indoor meet eliminations will be held in New Castle. The survivors will compete in a contest to be held in Pittsburgh on May 19.

Mr. Main gave a pleasing report of local boy scouts in their cooperation with the President's drive for collecting discarded articles. It was pointed out that this drive was meeting with great success in Ellwood City. The collection includes food, clothing, bedding, and etc.

A big swimming and life-saving instruction program was planned for the local Boy Scouts at this time. The aid of Fred Robuck has been secured in this work. An attendance drive will be made by all troops. An effort will be made to have parents and committeemen attend the meetings as well as the Boy Scouts.

The local district leaders are going to make a big effort to have all local scouts see the wild game exhibit to be held in New Castle the latter part of this week.

Scout Executive H. G. Horton of New Castle announced at this time that the scout work here was very satisfactory and a fine spirit prevailed. He reminded the local scout leaders of the National Scout meeting to be held in Buffalo, N. Y., beginning in May.

Scouters present last night were Judd C. Turner, Secretary E. D. Danner, John Lindgren, J. A. Pearson, James Clark, Scout Executive H. G. Horton of New Castle, E. B. Yahn, R. Powell, R. Main, C. E. Zeigler, J. Hough, A. C. Hoenstine, Nelson Runyan, and James McCowan.

Lost 20 Lbs. of Fat In Just 4 Weeks
—Mrs. Mae West of St. Louis, Mo., writes: "I'm only 28 yrs. old and weighed 170 lbs. until taking one box of your Kruschen Salts just 4 weeks ago. I now weigh 150 lbs. I also have more energy and furthermore I've never had a hungry moment."

Fat folks should take one half teaspoonful of Kruschen Salts in a glass of hot water every morning before breakfast—an 85 cent bottle last 4 weeks—you can get Kruschen at Eckerd's Drug Store, New Castle Drug Co. or any drug store in America. If not joyfully satisfied after the first bottle—money back.

Championship Games To Start Thursday

Finishing No. 1 And Cold Draw To Play Three Games Series For Shelby Crown

ELLWOOD CITY, Mar. 6.—Shelby Auditorium has been a scene of intense activity as the Finishing No. 1 team and the Cold Draw, winners of the first and second half respectively of the Shelby inter-department basketball league, have been working out for their three game championship series, which is scheduled to start Thursday night.

The first game was originally scheduled for this evening, but due to some conflict in later night it was postponed until Thursday. If one team wins two consecutive games, the third one will not be necessary. Local sports followers think this very likely and that the third game will be played. The teams are pretty evenly matched and include a number of former high school and college stars. A preliminary game will probably be played at 7:30.

Meeting Is Held By B'nai B'rith

ELLWOOD CITY, Mar. 6.—B'nai B'rith lodge of Ellwood City held its regular meeting last night in the Schweizer Hall with vice-president Myer Mervis presiding in the absence of President S. Skole. Plans for a delegation to attend the Council of the Western B'nai B'rith district at Pittsburgh on March 11, were discussed at this time. The committee chairman reported at this time as follows: Membership, Max Groden; wider-scope, Ed Keller; house committee, Ed. Schweiger; entertainment, Sylvester Schweiger; and education, Mike Edelman.

A review of work was given by Aloph Lebowitz and a pep talk by Rabbi Levinson. The next regular meeting will be held on March 19.

Hundreds of people lined the banks of the Beaver river near Koppel during the past few days, especially on Sunday, to watch the ice gorge which had formed. The ice had jammed for about one mile and would move about five minutes out of each hour.

Storm Damage On South Side

Only a few homes in the South Side district were damaged by the wind storm Monday afternoon, a check up today showed.

John Wajert, of 21 West Terrace avenue, reported the roof of his home was slightly damaged. The drain pipe on the side of the house was torn down.

A window in an empty store room at 1011 Moravia street which was blown out, was the only damage reported on this street. The Sheep Hill district did not sustain much damage.

Several windows in the attic of the home of Mr. and Mrs. I. Ginsburg, of 1107 Pollock avenue, were blown out entirely, it was reported.

Mrs. E. Johnson, of South Hill street, also reported a window in her home was broken.

Another unfortunate is the fellow who has the cigarette habit, a mania for getting his money's worth and a mustache.

There is one advantage about the modern kind of poverty. It doesn't include itch.

Wind-tunnel tests taught DeSoto engineers the ideal shape of an automobile. But to build such a car they found it necessary to change the entire weight distribution. They did this . . . moved the engine forward . . . the passenger seats forward. The result was almost beyond belief. It produced a thrilling new kind of RIDE. It also permitted an utterly new method of car construction.

In the conventional car, the frame and body are two unrelated parts, bolted together. In the AIRFLOW DeSOTO they form one safety steel unit extending not merely to the dash but reaching from end to end of the car . . . from bumper to bumper. Thus you ride surrounded by beams of structural strength. You are infinitely more comfortable . . . you are infinitely safer.

Shorter Hours And Higher Pay Will Be Fought

Plan Outlined By President
Roosevelt Faces Stiff Op-
position At NRA
Meeting

SERIOUSNESS OF PLAN IS OUTLINED

(International News Service)
WASHINGTON, Mar. 6.—Shorter hours and higher wages, as outlined by President Roosevelt in opening the conference of code authorities, will not be attained without concerted opposition, it was indicated today as the assembled code authorities put the 318 industrial pacts under the microscope of "practical economics."

This was foreshadowed in the address of Ralph E. Flanders, president of the national machine tool builders and a member of the industrial advisory board when he declared:

"The change from 48 or 50 or more hours per week to a standard 40 hour week is a serious drop which has not yet been assimilated. With not enough goods made even in 1933 to provide a desirable standard of living to the workers of the country, the raising of that standard under a 40 hour week will be difficult. With appreciably shorter hours it will be impossible."

Wagner Speaks
From the other side of the NRA "fence," was heard the voice of Senator Robert F. Wagner (D) of New York, chairman of the national labor board, as the code authorities divided into five groups to consider

the complaints and criticisms of the five groups of citizens who were heard last week. Wagner said:

It is a mistake to regard the shorter hour movement simply as a means of spreading work, or to criticize it as a lowering of productive efficiency which necessarily would tend to reduce all standards of living. Our technological skills have advanced so greatly during the present century, that we can produce more than ever before even while lightening the burden upon the back of labor.

"During 1919-1929 our manufacturing output rose 50 percent, despite an actual decline in the number of workers engaged. During this so-called prosperity era we had over 3,000,000 unemployed, because we tried to appropriate too large a share of progress to a few in the form of profits, and not enough to the many in the form of shorter hours."

Others who spoke for "industry" at the opening session, gave voice to the same ideals as expressed by Flanders' avoided the subject, while those who spoke on the side of labor sided with the New York Senator.

Entertainers Name Biddle As President

Chester Biddle has been named the new president of the Keystone Entertainers, New Castle minstrel group, with Mike Ross as vice president, Lew Sweet as secretary, Archie Cubbison as treasurer, George Ruff as custodian and Harry Ross, Dave Jones and Williams Jones as directors.

The business manager of the group is Bert Sanford. At a recent meeting the old officers, headed by Retiring President Thomas Cunningham, were tendered a vote of thanks for their services.

PAY FOR SNOW HAULING
New Castle council approved payment of a bill amounting to \$148.50 for trucks employed to haul away snow which was shoveled from business district streets by CWA employees at a meeting Monday. As soon as the snow fell and fears of a flood materialized CWA officials and city officials went into conference and as a result the removal of the snow followed.

Mt. Jackson Notes

AUXILIARY BANQUET
On Thursday evening, March 1, the American Legion Home in Mt. Jackson was the scene of a very beautiful and enjoyable affair. It was staged by the Post and Unit Auxiliary and was in the form of a banquet. The purpose of this event was for a membership round up and get together.

Several out of town guests, important figures in Legion affairs were entertained, including Claire Ross of Butler district commander of the American Legion, Mrs. P. P. Phillips, of Franklin district director of the Auxiliary; Mrs. C. V. Homer of Greenville, district membership chairman of the Auxiliary and Major Guy Wadlinger, of New Castle, county commander of the Legion. Other guests were Mr. and Mrs. Joseph Carr, who were celebrating their golden wedding anniversary; Miss Josephine Dorwart, of Greenville, Mr. Welsh of Butler, Mr. Burton of New Castle, Mr. and Mrs. Howard Gilmore, who rendered two very appropriate musical selections and the past commanders of the Earl J. Watt Post.

Mrs. Phillips gave a very interesting report of the National Defense Conference held in Washington, D. C., in January, which she attended.

Mrs. Homer who is loved by all Auxiliary members in this section talked on membership and praised

Mr. Ross's speech was the most important of the evening and there was not a Post or Auxiliary member present who did not feel a greater love for their organization after hearing his talk.

Guy Wadlinger acted as toastmaster and kept the audience in a roar of laughter.

The president of the local unit, Mrs. Paul Kenny gave a report of the progress of the Earl J. Watt Unit.

Mrs. Kenny then presented Mr. and Mrs. Carr with a lovely bouquet of flowers.

Mrs. Joe Martin recited "That Old Sweetheart of Mine" with piano and violin accompaniment.

**U. S. Agent Makes
Investigation Here**

The United States district attorney's office at Pittsburgh will receive a report on last fall's wage controversy between bricklayers on New Castle's new post office and A. W. Kutsche and company, general contractors, it became known today after an agent of the bureau of investigation of the United States Department of Justice departed for Pittsburgh following a mission here.

The agent came here last Friday and had been investigating the conditions surrounding the employment of the bricklayers last year. The controversy arose when the brick masons charged they had not received back pay while the Kutsche firm maintained they had release slips to show they had been paid.

It is understood that the federal attorney will be furnished a complete report on the matter.

The Kutsche company has further organized for resuming construction at the building, although, according to reports, some difficulty is being had in obtaining the former workers because of CWA activities.

OF COURSE, Nash has individual front wheel suspension... and what's more, has it in the most simplified, dependable form... obtaining the desired result without sacrificing the strength of a front axle.

And Nash leaves it entirely to the buyer to choose whether or not he needs, whether or not he wants, individual front wheel suspension—for Nash makes it optional at slight extra cost.

In up-to-date engineering, in refreshing style appeal, and in unusual luxury and comfort—the 1934 Nash stands right out in front in any comparison.

On Court House Hill

During the past week register and recorder, William A. Hanna, recorded 34 instruments of all kinds, compared with 43 during the previous week. There were fifteen deeds, compared to 23 the previous week, and eight mortgages, or just one-half the number during the previous week. Three of the mortgages were given to building and loans, totaling \$5,200, one personal mortgage for \$12,433, two firemen's relief, totaling \$1000 and two federal land bank, totaling \$3000.

In an opinion handed down by Judge R. L. Hildebrand at court today an execution is stayed in the case of H. A. Anderson against Michael Kessler. This was a case in which it was claimed by the defendant that the sale of his property would work a hardship, and a petition to stay the writ was filed under the act of May, 1933, giving the court jurisdiction in such cases.

Testimony taken showed that the plaintiff had sold a property to the defendant in Taylor township in September, 1924 for \$4500. A mortgage was taken by plaintiff for \$3500. Defendant put \$500 worth of improvements on the property. At the time the execution was issued December 6th, 1933 defendant owed the plaintiff \$1,782.95 of a balance on the mortgage. In addition there were costs of \$150, a second mortgage of \$700, two judgments totaling \$446, and taxes of about \$160.

Defendant had not been employed for about three years but is now employed. It was shown that the lien holders subsequent to the first mortgage, are not pushing their claims. Testimony for plaintiff put the value of the property at from \$2000 to \$2500. Those for the defendant valued it at from \$3500 to \$5200.

In his opinion the court stated that this was what might be called a border line case, but since the defendant has obtained work, and plaintiff's lien appears reasonably secure, a stay of execution was directed provided the defendant pays plaintiff \$25 per month, until the loan can be refinanced.

With the return of better weather conditions the county commissioners expect to be able to repair the floors of several bridges, which have been reported to be in need of repairs. Owing to the cold weather nothing could be done along this line. None of the cases require extensive repairs.

A bookkeeper is at work in the Lawrence county law library, re-binding some of the books which were getting in bad shape. He has his repair outfit with him and does the work right in the library.

Register and Recorder William A. Hanna has received from the Home Loan Bank statistical department at Washington a lot of data showing real estate foreclosures reported in the years 1926, 1932, 1933, and so far in 1934. The figures show that the high tide of foreclosures came in 1932, when they were almost four times as great as in 1926. There was considerable of a falling off in 1933, and a greater decrease is shown for the first two months of 1934, as compared with the first two months of 1933. This indicates that conditions are getting better.

In his charge to the grand jury yesterday Judge R. L. Hildebrand stressed the point that all deliberations of the grand jury are to be kept secret. Neither are the jurors allowed to discuss a case that is

likely to come before the grand jury. Only one side of the case is heard by the grand jury, that of the commonwealth. The object of the hearings before a grand jury is to determine whether or not there is sufficient merit to a case to warrant its going to trial. If the jurors believe there is, then they are to return a true bill, and if they believe there is not it should be returned, not a true bill. In finding not a true bill the jury can place the costs on one or both of the parties concerned, or they can place the costs on the county. It is usually the custom of grand juries to place the costs on the county where it is found that the suit was brought in good faith, although it may not warrant a true bill.

Letters of administration have been issued to the Lawrence Savings and Trust Company in the estate of George Crocker, late of Neshannock township.

SHENANGO HIGH TO PLAY UNION

Shenango Primed For Basketball Game With Union High At Shenango Floor

Union Needs Victory Tonight To Clinch County Title; Shenango Is Going Good

Shenango high school basketball team hopes to be able to halt the mad rush of the Union high school basketball team toward the class A championship, and tonight the Unionites will get a chance to stop Union when the Unionites under Coach Davey Boyd go to Shenango high. The girls of the two schools will play the preliminary game. The first game will start at 7:15 o'clock.

Union high needs but one more victory to clinch the county title, and the blue and white jerseyed players will fight hard to upset Shenango high. Late last season Shenango high has been going at a fast clip and have defeated both Bessemer and New Wilmington, putting crimps in the aspirations of both teams for county honors.

Strong Line-ups
Coach Davey Boyd has the Unionites going at a fast pace. The defeat at the hands of New Castle only made it more certain that the Unionites would go after the county title hammer and tongs. Coach Boyd may have Monico in the line-up tonight, along with Morrison, Schaefer, White and Boron. Boyd has hinted that he may switch his line-up for the game tonight, but the popular Union mentor refuses to divulge just what the change will be.

Ed. Raney, coach at Shenango, will have Arnold and Ziegler at the forwards, Kallajainen at center, and Fomick and Horne at the guards against Union. This is the clever combination that has been raising plenty of fust in the county league the past month or so.

A victory for Union gives the Boydmen a county title, and this is not unlooked for either, then Union must defeat Mt. Jackson high Friday night at the Union gym to grab the championship.

Sportsmen To Hold Election

Casillo Of Senior High To Tell North Woods Hunting Thrills

Nick Casillo, senior high school teacher who has hunted in the north woods and fished in places far removed from towns, will be the principal spokesman tonight at the Lawrence County Sportsmen's association meeting at the Elks club. He will address the hunters on "Thrills in the North Woods."

In addition to the address, the sportsmen will elect officers for the ensuing year. Andrew Dodds will be unopposed for the presidency but there will be a sharp fight, it is said, in the election for other offices, such as vice president, secretary, treasurer and directors.

The men nominated at office recently follow: William W. Horner and Ray Slack; secretary, Frank D. Williams, Adolph Jones and William O. Pitts; treasurer, Thomas I. Vogan and Thomas Elliott and directors, only two of whom will be elected, L. W. McClung, W. M. Ingham, Allen Cartwright, George R. Brown and J. L. Mathews.

POLISH FALCONS WIN
Polish Falcons of New Castle recently met and defeated the fast South Side Pittsburgh Falcon team 25 to 19 in a Polish league game. Koszella was the high scorer of the game, with 13 points. For the losers the work of E. Kubiak was the best with 10 points.

Stranahan Gives Titan Floor Five Excellent Dinner

Westminster College Basketball Team Honored At Home In Mercer, Pa.

(Special To The News)
NEW WILMINGTON, Pa., Mar. 6.—The Westminster College basketball team was honored at a dinner given by Attorney J. A. Stranahan, Mercer, on Saturday evening. Attorney Stranahan, president of the Titan athletic council, has accorded this honor to the court team for a number of years.

Present at the dinner were Judge J. A. McLaughry, Attorney Thomas Sampson, Dr. Vogan, Dr. Yeager, President R. F. Galbreath, Jack Hulme, Coach John Lawther, R. X. Graham, and the following members of the team: Bill Douglass, Wesley Bennett, Peter Leyschok, Wesley Bennett, John Wilhelm, Henry Hummel, Elmer Meider, John Willis, and Bill Williams. Student Manager Charles Pharnas was also present. Four Westminster co-eds assisted Mrs. Stranahan in the serving of the meal. They were: Florence Heintz, Elizabeth Stranahan, Sara Elizabeth Bellevue. Speakers following the dinner praised the team and the coach for another successful season.

Dodger Regulars Fail To Sign

(International News Service)
ORLANDO, Fla., Mar. 6.—Casey Stengel, new manager of the Brooklyn Dodgers, spent his second day of the training season today, fretting over the holdout situation. Stengel is confronted with the necessity of getting five first stringers to sign their contracts. They are: Walter Beck, pitcher; Al Lopez, catcher; Chick Outen, catcher; Hack Wilson, outfielder; and Ray Benge, pitcher.

Three Games In County League

Three basketball games are on tap for the followers of the Slippery Rock-Shenango township church league floor Thursday night at the Shenango high floor. The schedule of games is as follows: Center vs. Harmony; Mt. Hermon vs. Oak Grove; Neshannock vs. St. Marys.

Platitude: The true saying that fastest a brilliant epigram the first time you hear it.

Bennett Makes Record As Leading Scorer

Wesley Bennett, Akron, O., sophomore at Westminster College, is one of the leading basketball scorers in the entire country. In 24 games this season he has scored 122 field goals and 102 fouls, for a total of 346 points, or an average of 14.4 points per game. In nine Tri-State Conference contests he has scored a total of 154 points for an average of 17.1 per game.

Bennett, a 6 foot 4 inch center, played in only half of the Titan contests last year, but tallied 132 points in 15 games. This year he has played in 24 of the 25 contests already played, 21 of which have been won by Westminster.

In 17 of the 24 games played, Bennett has tallied 10 or more points as follows: 10 or more, six games; 15 or more, five games; 20 or more, six games. His highest scoring in one game this year is 26 points. The Westminster team, in winning 21 out of 25 contests already played, has tallied 1061 points to 629 by rivals, averaging 42.4 points per game against 25.1 for opponents. The Titans have won the Tri-State Conference championship this season, making the sixth league title in eight seasons.

Golfers Getting Kinks Taken Out

Captain V. Arthur Smith Is Busy Preparing Golfers For Long Summer Play

When a street car man has a holiday he generally goes for a ride on a street car, when a taxi driver gets a vacation he generally goes for a long auto ride, etc., and when a pro golfer gets a vacation he spends his time teaching others how to play golf.

Captain V. Arthur Smith, of the New Castle Field Club, a man who has elevated golfing in New Castle to a high plane, has a net rigged up in the third floor loft of the Cathedral and there daily he teaches the golfers of New Castle how to swing. A big net has been rigged up and a heavy canvas background in to which you can zoom the golf balls. If the man next to you in the office shows up stiff and sore the next day, you can surmise that he has been up to see Captain Smith.

Three Titans End Careers Wednesday

Douglass, Meider And Williams Play Last Game For Westminster

(Special To The News)
NEW WILMINGTON, Pa., Mar. 6.—Three Westminster college basketball players end their careers in the Grove City game Wednesday night on the Titan home floor. They are: Captain Bill Douglass, Iseline, Elmer Meider, Pittsburgh and Bill Williams, Sharon.

Douglass one of the leading scorers on the Titan outfit for four seasons, and a member of three Tri-State Conference championships teams in four years, is the only first team member to be lost.

Douglass Is Good
Douglass has three times been named all-conference or all district forward or center. Last year he played center in most games and was the leading scorer on the Titan team. This year at forward he has already accounted for 199 points. Meider, a guard, played intramural basketball at Westminster until this season. He has played in 16 of the 25 games this year. Williams, who played in 15 of the 25 contests this year, Neither Meider nor Williams has won a varsity letter before but may qualify for an award this year.

Says Long And Lowe Double Play Kings

McGraw, Just Before Death, Said Former Local Man Was Star

According to prominent New York sport writer, who had a fanning "ce" with John J. McGraw the day before he was taken to the hospital, Dutch Long and Bobby Lowe, the latter of whom played in New Castle in his early days, were the greatest double-play combination he ever saw.

"Tinker and Evers got the most publicity," McGraw is quoted as saying, "but in reality, they did not rate. One, two, three, among the best. The greatest pair for making two out were Dutch Long and Bobby Lowe, of the Boston Nationals, who flourished from 1893 to 1901. Lowe then went to Detroit in the American League and still lives there."

Tin City Rovers Top Harvey A. C.

Tin City Rovers Hand Beaver Falls Quintet 36 To 32 Setback In Fast Game

Tin City Rovers basketball team won an exhibition game last night at the Senior High floor from the strong Harvey A. C. of Beaver Falls 36 to 32. Only a fair sized crowd witnessed the game, which was one of the best of the season. "Bud" Laycock was again the big star of the battle with 12 points with Price of Beaver Falls second high with 11 points.

The end of the first period found the Tin City Rovers ahead 10 to 7, and at the half the locals were ahead 18 to 14. The end of the third period found the Frasersmen ahead 28 to 18, and in the fourth and final period the Harvey A. team led by Price and Laycock led the locals in scoring points. The Harvey A. C. is almost an exact replica of a former Beaver Falls High team with Price, Ray Carnelly, Barry and Brunansky in the lineup.

The summary:

Y Grappling Bouts Cancelled

Henry MacNicholas, director of athletics at the Y. M. C. A. today announced the cancellation of the New Castle Y-Sewickley Y wrestling bouts which were scheduled for Wednesday night. He said Director Harry Day had cancelled the bouts. New Castle's next bout will be with Akron, the date to be announced later.

Bill Terry Is Hardest Worker

(International News Service) MIAMI BEACH, Fla., Mar. 6.—The hardest working man on the field at the training camp of the Champion New York Giants today was none other than Boss Bill Terry himself. Boss Bill cavorted around the infield with all the pep of a first year man and his example so inspired the other regulars that they followed suit.

Terry was especially pleased with the stuff shown thus far by Castelman, a rookie right-hander from Nashville.

Pirates To Play Portland Team

(International News Service) PASO ROBLES, Cal., Mar. 6.—An exhibition game with Portland of next Sunday urged battymen of the Pittsburgh Pirates to hit their stride as they awaited arrival of the remainder of the squad today.

The main contingent of players is expected to reach camp about Thursday to begin conditioning.

Ross And Klick Fight To Draw

(International News Service) SAN FRANCISCO, Mar. 6.—Barney Ross of Chicago, world's lightweight champion, was held to a draw by Frankie Klick of San Francisco in 10 furiously fought rounds here last night before 12,000 fans who roared their approval of the referee's decision.

Klick, who had won the junior lightweight title through a technical knockout of Kid Chocolate, traded punch for punch with Ross and today Klick's friends in the Portola district were hoping for a championship bout for him with Ross whose title was not at stake last night.

MERCHANTS TO MEET East Side Merchants mullball team will meet Wednesday night at 7 o'clock at the home of Howard Gresham at 913 Alameda avenue. All of the East Side Merchants of last year are asked to report. Matters pertaining to this year's mullball team will be taken up for discussion.

Times will be normal again when a man and wife can't discuss household expenses without cuss words and tears.

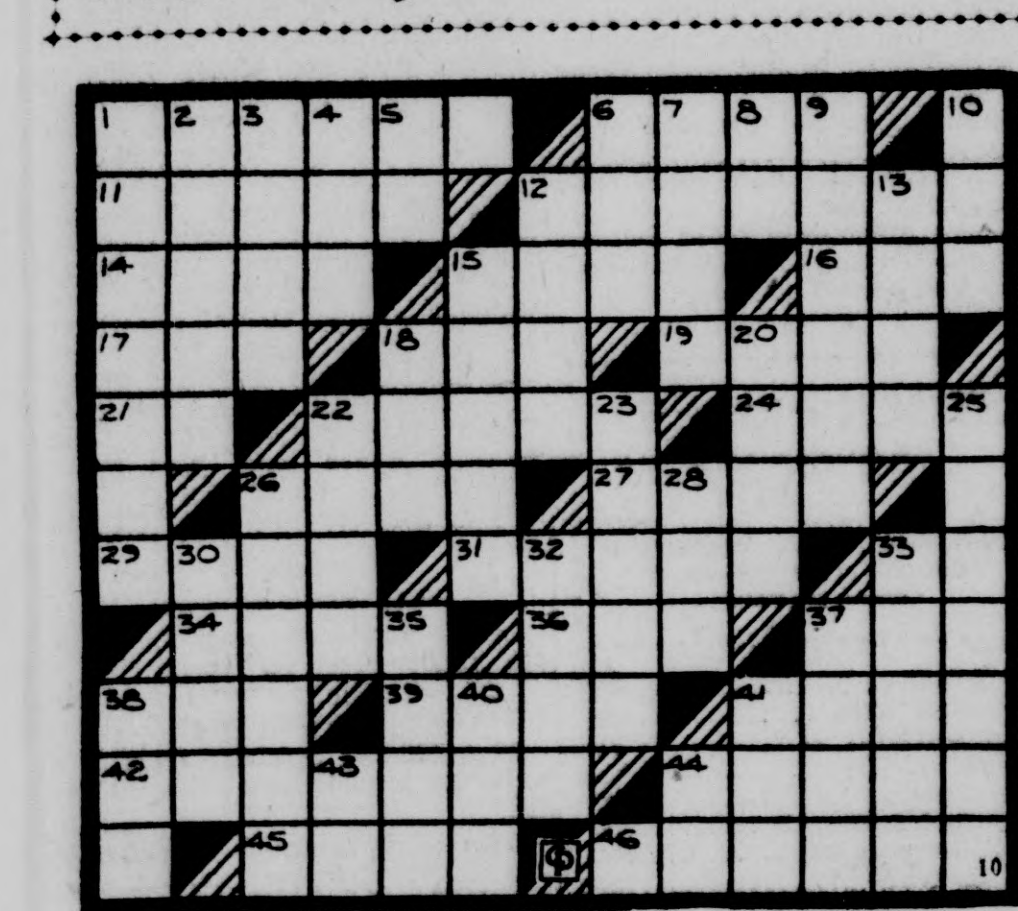

HERE AND THERE IN SPORTS' LAND

Princeton's star, Bill Bonthron won the intercollegiate indoor 1500 meter title by two meters in a driving finish with Gene Venzke, Pennsylvania sophomore last night at Madison Square garden, New York. Time 3:57.4.

Thirteen year old Johnny MacMurray won the American bazaar golf tournament yesterday shooting 36 holes in 145 in competition against veteran golfers at Panama. He amazed the spectators with his performance.

Davis-Elkins lost in basketball last night to Potomac State, 38-30, at Keyser, W. Va.

Stock Market Is Dull Today

Prices Generally Holding Around Previous Close As Market Opens

STEEL SHARES QUIET TODAY

(International News Service)

NEW YORK, Mar. 6.—The stock market continued dull today with prices generally holding around their previous closing levels, and displaying no disposition to break out on either side.

The commodity markets lent little stimulus to stocks. Wheat, corn and the other grains opened irregularly, while cotton moved down about 25 cents a bale in light trading.

Auburn was again a feature in the motor shares, rising about a point to a new high on the movement. General Motors and Chrysler were quiet around their previous closing levels.

The steels were quiet and steady ignoring the further rise in the industry's operations to 47.7 per cent from 45.7 per cent last week.

Gold mining shares ran into profit taking. United States Smelting, Alaska Juneau, McIntyre and Dome receded fractionally.

Farm stocks and the mail order shares including Case, Montgomery Ward, and Sears were quiet and fractionally higher.

Liquor reflected a slight demand specialties, and aviation stocks were quiet and generally steady.

FEAR FLOODS AFTER HARD WINTER

Blanketed with snow and ice in the worst winter the middle west has experienced in many years, localities in the vicinity of the Ohio river fear a serious flood will result with the arrival of warmer weather. A night view of the ice-gorged Ohio river near Cincinnati, is shown, top. Below, bales of snow covered cotton on wharf on the Cincinnati river front.

THESE SUITS SHOWN IN GERMANY

These smart little swimming suits were displayed at the Leipzig fair in Germany for the well-dressed frau. They are designed scientifically to give the freest possible play to all the muscles of the body called for in swimming and diving, and at the same time to be smart and stylish. Bright colors are used and new trimming.

Revealed by Cleric's Daughter

As a result of the story of Norma Brighton Millen, 19-year-old daughter of the Rev. Norman Brighton, of Natick, Mass., and wife of Merton Millen, the largest cache of gang weapons ever found in Washington was uncovered. Lieut. Talley and Private Harris are shown above examining the arsenal. Millen and his brother are held on a murder charge in connection with a Needham, Mass., robbery. (Central Press)

Fishing Dispute Strains Russo-Japanese Ties

Viacheslav M. Molotov

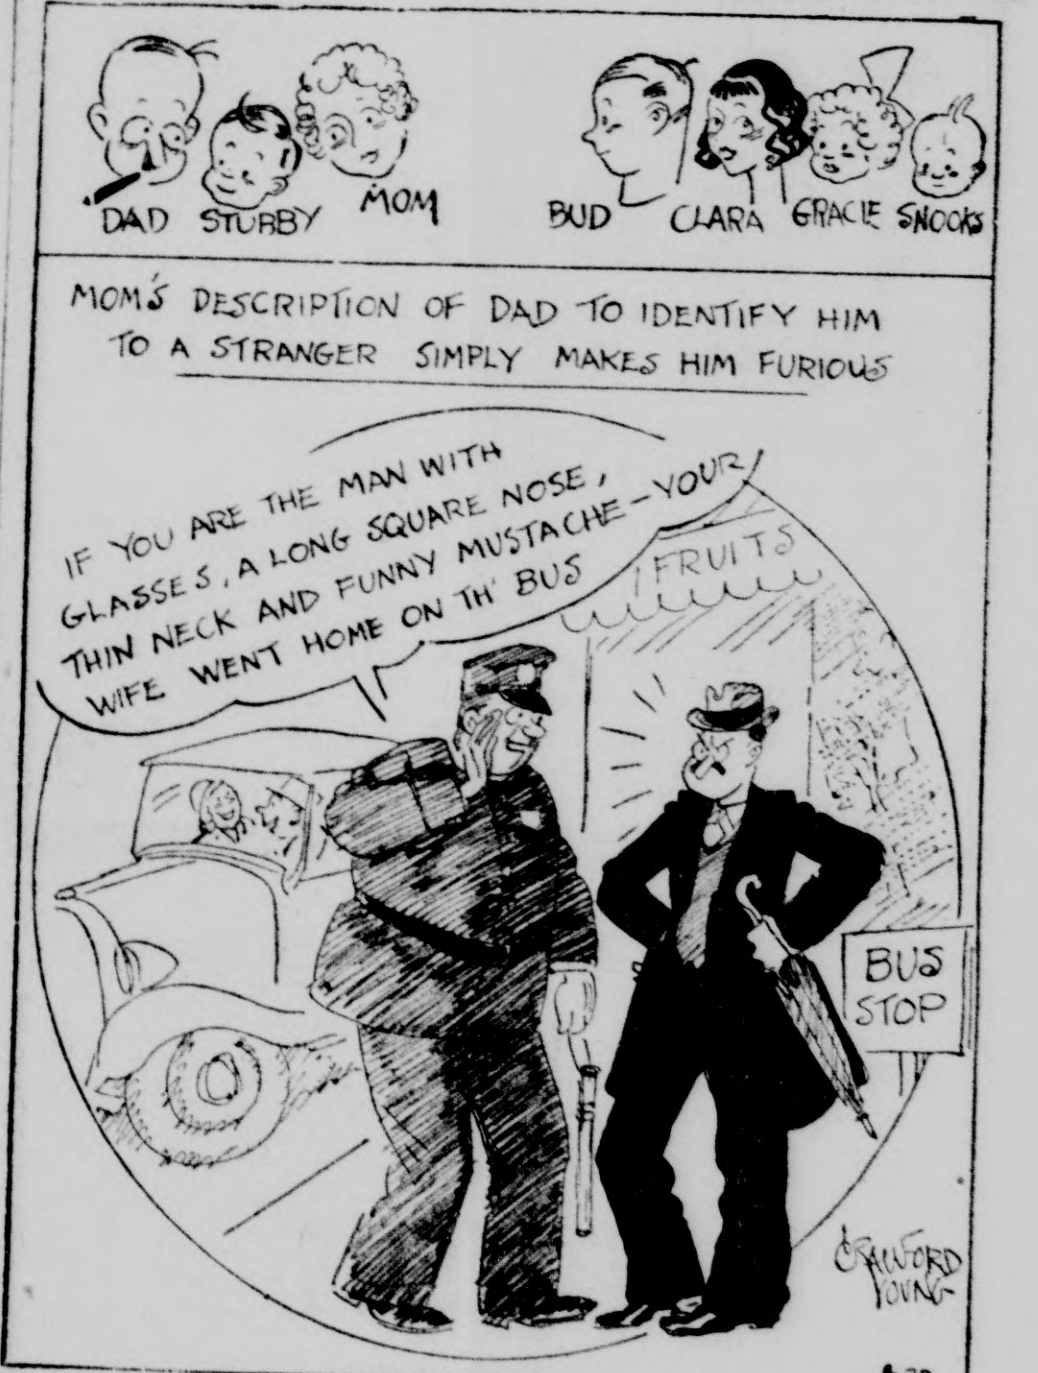

Modern motorized artillery in Red Square, Moscow.

Revival of the generation-old dispute over fishing grounds in north Pacific waters has threatened to intensify Russo-Japanese difficulties arising out of long drawn-out negotiations over Manchukuo's purchase of the Chinese Eastern railway, bringing relations between Russia and Japan to a new crisis. The fishing dispute grew out of the action of Soviet authorities in throwing out all Japanese bids at the annual fisheries auctions held at Vladivostok, because of a wrangle over the ruble-yen exchange rate. The map shows the railroad line involved in the bitter controversy between the two countries and part of the disputed fishing waters. Disclosure that Russia is preparing to protect its borders, particularly the Siberian-Manchukuo border, has been made at Moscow by Viacheslav M. Molotov, left, chairman of the Council of People's Commissars. Right, a piece of Russia's modern motorized artillery in a demonstration in the Red Square, Moscow.

Jury Exonerates Four Officers

Coroner's Jury Says Shooting Was "Justifiable Homicide" Case

(International News Service)
PITTSBURGH, Mar. 6.—Two constables and two state patrolmen were exonerated today of blame in connection with the slaying of John Cotton in a "framed" barbecue stand robbery two weeks ago.

The four peace officers were freed by a coroner's jury when the venire returned a verdict of "justifiable homicide."

Milton Eckles, the youth who is said to have led Cotton into the fatal ambush, was returned to county jail for further questioning. He was to be released today unless there are new developments in the tragedy.

The officers released were State Trooper Privates H. A. Stinnett and Charles E. Mullen and Constable Irvin Assay and William Brozek.

During the coroner's hearings, the defendants admitted they had provided Eckles with a gun and a car with which to stage the robbery in an effort to apprehend Cotton, a robbery suspect. Cotton turned on the officers during the robbery and the police opened fire. Cotton was mortally wounded and Eckles was also hurt in the gunfire.

CHEAP AUTO TAGS REAP HARVEST FOR GEORGIA

(International News Service)
ATLANTA, Ga.—Georgia motorists are not the only ones invoking blessings upon the head of Gov. Eugene Talmadge of this state. Car owners in all parts of the union, it was revealed here, have found that they too can enjoy the privilege of using one of the Governor's famous \$3 tags.

No person living outside Georgia can buy a tag unless he is able to furnish a Georgia address, but the law does not require him to be an actual resident of the cracker state. So orders are flowing in to the motor vehicle license division here from all parts of the nation, and anyone furnishing a Georgia address and a \$3 money order is being given a tag.

Governor Talmadge knows that authorities elsewhere may not like the situation, but points out that they can remedy matters by issuing \$3 tags themselves. "Three dollars is a fair price anyhow," he says.

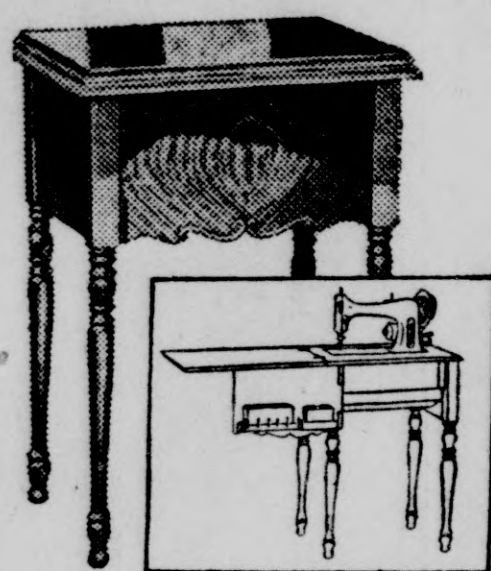

FOUR IN FAMILY OVERCOME BY GAS

SHARON, Mar. 6.—Mr. and Mrs. Carl Goodrick, South Myers avenue; their son, Charles, 11, and daughter, Betty, 8, and Mrs. Goodrick's mother, Mrs. Rebecca Shaffer, are recovering from fumes which rendered all but Mrs. Goodrick unconscious while they were asleep early today.

The fumes, from a furnace in the basement, were discovered when Charles collapsed as he tried to get out of bed. Mrs. Shaffer went to his aid but was overcome. Goodrick, awakened by the disturbance, was able to summon neighbors before he collapsed.

Court Hands Down Opinion In Case Of Wilkins Estate

In the matter of exceptions filed by Mrs. Maud Ward to the auditors report in the case of John W. Wilkins and William H. Wilkins, executors in the estate of the late John Wilkins, Judge R. L. Hildebrand handed down an opinion at court Monday in which he dismissed some of the exceptions and sustained one. The account as re-stated shows total assets of the estate of \$10,281.41, credits claimed by executors, \$9,924.41, leaving a balance due the estate for \$356.96.

Total surcharges for loans to Wilkins Bros. \$1,850; commissions allowed, \$514. Balance due estate, \$2,721.02, distribution of which is ordered to creditors.

Girl Scout Parties Honor Anniversary

March Marks 22nd Anniversary
Of Scouting; Local Troops
Will Celebrate

This is an important month in the Girl Scout calendar as it marks the 22nd anniversary of the founding of the Girl Scout organization in United States.

Numerous parties and programs are being planned by the troops of New Castle in celebration of the anniversary. The month is also known as "international month" in

Girl Scout circles and is being observed as such by 30 different countries.

Last year Region No. 3, of which New Castle is a part, started a Juliette Lowe Memorial fund, the interest from which is used to send a Girl Scout to the Adelboden chalet in Switzerland for a two weeks' get-together with representatives from 27 different countries, with all expenses paid. Candidates for this trip must be first class or Golden Eagle scouts, 17 or 18 years of age, the type of girl who could bring back to her community a comprehensive description of the trip, a scout for the past three years and one who expects to continue in the Girl Scout work. Every Girl Scout Council has an opportunity to submit a name for consideration by the regional executives.

Juliette Lowe, for whom the fund is named, was the founder of the Girl Scout movement.

INTENSIVE STUDY NEW COLLEGE PLAN

(International News Service)
HIRAM, O., Mar. 6.—Hiram College will discard "education by the clock" beginning next September and substitute an academic program entirely new, according to President Kenneth I. Brown.

Instead of studying five subjects concurrently throughout the year, students will divide the year into four nine-week periods, during which they will devote four-fifths of the time to intensive study of just one subject.

In the remaining hours, they will learn languages and similar subjects that require time to assimilate.

MEMBER OF PIONEER FAMILY DIES AT 82

SLIPPERY ROCK, Pa., Mar. 6.—Sarah Frances Hays Bard, aged 82, mother of a pioneer Butler county family, died at the family home, South Main street, Slippery Rock, after a short illness.

She was the daughter of the late James and Frances Ellis Hays, pioneer settlers of Slippery Rock. She had resided in the family homestead at Slippery Rock built over 125 years ago.

Surviving is a daughter, Nellie Buchanan of Wayne. Her husband, Robert Bard, died 18 years ago.

CANCEL ALUMNI DINNER
A banquet of local Penn State alumni previously planned for March 7 has been indefinitely postponed. It was announced today.

If you want safe relief from Constipation Science says Today use a LIQUID Laxative

1. Regulate intestinal action gently—no "purging"
2. Measure dose to suit your individual needs
3. Avoid Bowel Fatigue and the laxative habit

Here's Why:

Harsh laxatives often drain the system, weaken the bowel muscles, and in some cases even affect the liver and kidneys.

A doctor will tell you that the unwise use of harsh laxatives often does more harm than good.

Fortunately, the public is fast returning to the use of laxatives in liquid form.

A properly prepared liquid laxative brings a perfect movement. There is no discomfort at the time and no weakness after. You don't have to take "a double dose" a day or two later.

In buying any laxative, always read the label. Not the claims, but the contents. If it contains doubtful drugs, don't take it.

Dr. Caldwell's Syrup Pepsin is a prescriptional preparation in which there are no mineral drugs. Its ingredients are on the label. By using it, you avoid danger of bowel strain.

The liquid test:

This test has proved to many men and women that their trouble was not "weak bowels," but strong cathartics.

First, Select a good liquid laxative. 2. Take the dose you find suited to your system. 3. Gradually reduce the dose until bowels are moving regularly without any need of stimulation.

Dr. Caldwell's Syrup Pepsin has the highest standing among liquid laxatives, and is the one generally used. It contains senna, a natural laxative which is perfectly safe for the youngest child. Your druggist has Dr. Caldwell's Syrup Pepsin.
